124 mm diameter
circular label to black
die cut line

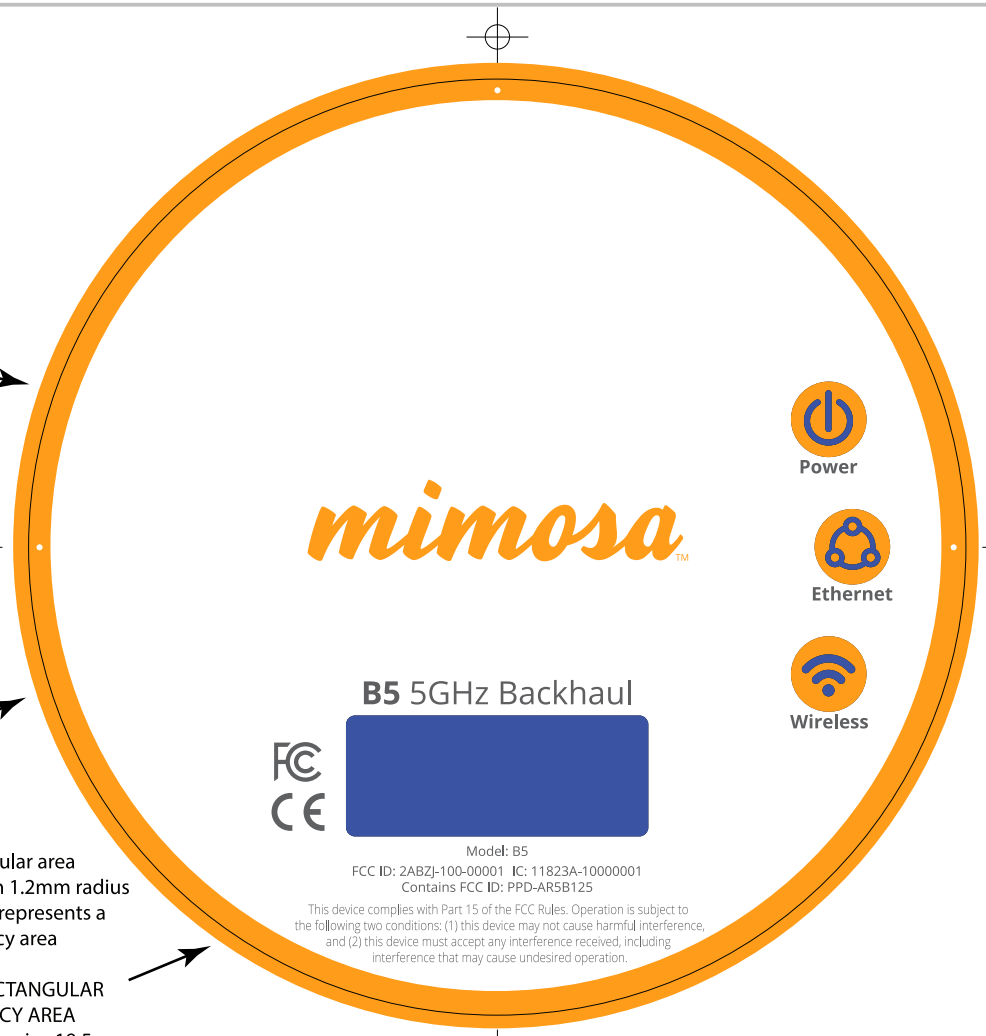
Grey print text color:
Process Black 77
c0 m0 y0 k77

Background label color:
MATCHED to MIMOSA
WHITE SAMPLE PROVIDED

Orange is PANTONE 1375 C
spot color outer ring bleed
area over label die cut

BLUE rectangular area
40mm x 16mm with 1.2mm radius
rounded corners represents a
transparency area

NO GLUE ON RECTANGULAR
TRANSPARENCY AREA
Transparency area begins 19.5 mm
from bottom of the circle center die cut line



Note that icons are
also knocked out on
the Orange and White
print layers

Icon transparency
areas should have
opaque transparency (fog)
to disperse LED backlights

Changed in Rev B:
BLUE icons are
transparency window
areas.

Added in Rev B:
An UNDERPRINT layer in
BLACK color provides masking
for blocking LED illumination
of the Orange Circles, leaving only the
transparent icon area lit

3 registration points on orange outer
ring for factory placement on product
