FCC Information

FCC ID: 2A6Q9-00745

This device complies with Part 15 of the FCC rules.
Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Federal Communications Commission (FCC) Statement This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.Tested to comply with FCC standard. FOR HOME OR OFFICE USE.

Warning:

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna(s) must not be co-located or conjunction with any other antenna or transmitter.

It may damage your hearing if you listen with high volume for a long time.
It is recommended you use the lowest volume possible for listening to music.

Device Safety

•Your Bayside wireless headphones have internal rechargeable batteries. Improper usage may result in the Earbuds becoming hot, ignite or burst and cause injury if exposed to conditions of abuse.
•Do not disassemble, throw away or damage Bayside wireless headphones.
•Store Bayside wireless headphones in a dry place, keeping them away from damp corrosive materials and environments such as salt air.
•Keep Bayside wireless headphones away from direct sunlight, fire and high voltage equipment. Do not store Bayside wireless headphones inside a car during hot weather. Remember a closed car acts as a green house allowing the inside to reach high temperatures.
•Bayside wireless headphones are not a toy. Please keep them out of the reach of young children.
•Please do not discard Bayside wireless headphones. Consult your local waste collection agency for proper disposal or recycling methods.
You may also contact "Call2Recycle"
at 877-273-2925 or online at
"call2recycle.org" for a battery
recycling drop off location near you.

Disconnect the charger from the USB power source and the charging case.

55MM

Battery Information

Your earbuds are powered by a rechargeable batteries.
The full performance of new batteries is achieved only after two to three complete charge and discharge cycles. The batteries can be charged and discharged hundreds of times.

• Do not leave a fully charged earbuds connected to a charger, overcharging may shorten their lifetime. If left unused, fully charged earbud batteries will lose their charge over time.
• Never use any charger that is damaged.
• Leaving the device in hot or cold places will reduce the capacity and lifetime of the batteries. Optimal temperature for the batteries is between 59°F and 77°F. A device with a hot or cold battery may not work temporarily, even when the batteries are fully charged.
• Do not dispose of batteries in a fire as they may explode. Batteries may also explode if damaged. Always dispose of batteries according to local regulations. Please recycle. Do not dispose as household waste.
