HEALBE GoBe U

SHORT GUIDE
USER'S GUIDE

Cable 1. Your personal healthy lifestyle hub

Cable 1 is the core of your personal healthy lifestyle ecosystem. It collects data from your smartphone and wearable devices and transmits it to the HEALBE GoBe app.

Cable 1 is a lightweight device and can last over 10 days on battery (10 days average).

Cable 1 supports Bluetooth 5.0 (Bluetooth Low Energy), Wi-Fi 802.11b/g/n (2.4 GHz), and NFC. It also has a built-in microphone and speaker.

You can connect up to 5 wearable devices to Cable 1 at the same time.

What's in the box?

The first launch of Cable 1

Make sure the Bluetooth and Wi-Fi are turned on on your smartphone.

1. Install the HEALBE GoBe app from the App Store or Google Play.
2. Create your HEALBE GoBe account or log in if you already have one.
3. Connect the Cable 1 battery to the charger and place it on a flat surface within 1 meter from your smartphone.
4. Wait for the Cable 1 to start blinking blue. If it doesn't, hold the button for 10 seconds until it blinks blue.
5. Follow the app's prompts to complete the setup.

Cable 1 is now ready to use!

Using Cable 1

Place your Cable 1 on a flat surface and let it collect data automatically.

Cable 1 will sync data from your wearable devices and send it to the app.

Light indicator

Cable 1 uses the indicator light to show its status. Blinking red means it's time to charge, blinking blue means it's connecting to your wearable, and blinking green means it's syncing data.

Cable 1 controls

Cable 1 is controlled through your app.

Cable 1 has a single button. Use it to:

- Wake up the device if it goes into sleep mode
- Start a manual data sync
- Reset the device if it stops responding

Cable 1 has a built-in microphone and speaker. You can use them to make calls or listen to music through your wireless earbuds.

Cable 1 has a built-in microphone and speaker. Only its presence, not its specifications, is required for the app to work.

Cable 1 supports Bluetooth 5.0 (Bluetooth Low Energy), Wi-Fi 802.11b/g/n (2.4 GHz), and NFC.
