DO MORE WITH SENGLED SIMPLY SMART LED
THE POWER OF LED
LED bulbs last longer, provide energy savings, and put off a bright, high-quality white light.
CONVENIENT CONTROL AND SCHEDULING
Group multiple bulbs by room and control them all at once or create customizable schedules to have light when you want it, based on your lifestyle and routines. Dim, brighten, or turn the bulb on and off using the mobile app.
ILLUMINATE EVERY SCENE
Set the light to mimic the sun, with a warm glow in the morning or at dusk, or a brilliant daylight glow during the day.
EASY TO USE
No set up required, simply use the bulb in a lamp or operate with a wall switch. Want additional features? Download the Sengled Home Mobile App for enhanced convenience and control.

CAUTION: Not for emergency lighting. Indoor use only. Only install in operating environments between -4°F and 104°F (-30°C and 40°C). Not suitable for use with wall dimmers.
NOTE: This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation. For details, reference https://ia.sengled.com/pages/fcc
RESET INSTRUCTIONS: To reset your Smart LED bulb, ensure that the bulb is on and then quickly turn the bulb off and on at least 5 times (using a light switch or power bar works best). If the reset is successful, the bulb will flash three times. If it does not flash three times, you will have to try the reset procedure. After a reset, please try to pair it in your Simply Smart app again.
LIMITED WARRANTY: Sengled warrants product from defects in material or workmanship for two (2) years from the date of original purchase, as evidenced by the purchase date on the receipt. For more details, visit sengled.com.
