Subject: Response to Inquiry to FCC (Tracking Number 379829) (TCB)
Date: Friday, January 02, 2009 8:01:26 AM
Importance: High

Office of Engineering and Technology

Inquiry:

---**Reply from Customer on 12/29/2008**---

The applicant has responded to the FCC comments. A new SAR report and additional information has been provided as attachments to this response. Justification has been adequately given and the device is significantly under the limit. The probe calibration verification by modulation is provided. A response email specifically to your comments has also been uploaded. Please note that as mentioned previously, this is not a complex 802.20 modulation scheme or mode, but is a single carrier 625kHz BW device (no OFDM) and no MIMO (see section 1.2.4 of attached specifications). Dennis Ward - ATCB

Response:
fccid JOYIUU19AC approved for TCB to complete full review and submit initial e-filing upload
