Inquiry on 08/04/2017 :

Inquiry:

Dear Sir,
our customer Hella KGaA Hueck & Co applied for certification of NBG01RS4 and initially provided a confidentiality request until 06/26/2017. This request was extended until 04/08/2017 (180 days). As the start of production has been extended until Sept. 2018, they ask for a long term confidentiality of their internal photos, test set up photos and test reports.

Please see Hellas request attached.
Kindly advise how our customer should proceed in this matter and if the mentioned documents and photos can be kept cofidential and not accessible to public view.

Thank you for your answer.
Kind regards,
Anja Hittig-Rademacher
m. dudde hochfrequenz-technik

FCC response on 08/07/2017

The maximum extension is up to 180 days from the date of the grant so further extension is not possible.
If the device has not been sold anywhere, contact the TCB Telefication BV to request dismissal to withdraw the filing. Then you can refile and start it over.
