IB-200-W0700P-00 V1.0

5 WIRED LISTENING

Connect to the headphones via the USB-C cable. Wired listening will automatically enable Bluetooth mode.

6 RESET

In ON state, press "+" and "−" buttons for 5s to finish reset, then headphones will automatically enter Bluetooth pairing mode if successful.

7 MULTIPOINT CONNECTION

1. Pair device A with the headphones successfully. 2. Press and hold the "+" button for 2 seconds to re-enter Bluetooth pairing mode, and then select "EDIFIER WH700NB Pro" in device B settings to connect. 3. Select "EDIFIER WH700NB Pro" again in device A settings to connect.
Note: For subsequent use, the headphones will automatically reconnect to the two devices used last time.

8 CONTROLS

Note:
1. "+" Press, "+2" Double press, "−" Press and hold.
2. Default sound control: High Noise Cancellation | Ambient Sound | Noise Cancellation Off.
3. Download EDIFIER Connect App for more customizable control settings.

9 CHARGING

Connect the headphones to a power source via the USB-C cable for charging.

Note: 1. When the battery is critically low, the headphones will automatically shut down. Please charge the product to avoid service interruption and data loss. 2. Only use the USB-C cable provided with the product to avoid potential damage to the product. 3. Ensure the headphones and USB-C port are dry before charging to prevent corrosion and damage.

Input: 5V⎓1A
Charging time: 3.5h
Battery life: 60h

10 CONTROLS

Note:
1. "+" Press, "+2" Double press, "−" Press and hold.
2. Default sound control: High Noise Cancellation | Ambient Sound | Noise Cancellation Off.
3. Download EDIFIER Connect App for more customizable control settings.

11 MULTIPOINT CONNECTION

1. Pair device A with the headphones successfully. 2. Press and hold the "+" button for 2 seconds to re-enter Bluetooth pairing mode, and then select "EDIFIER WH700NB Pro" in device B settings to connect. 3. Select "EDIFIER WH700NB Pro" again in device A settings to connect.
Note: For subsequent use, the headphones will automatically reconnect to the two devices used last time.

12 CONTROLS

Note:
1. "+" Press, "+2" Double press, "−" Press and hold.
2. Default sound control: High Noise Cancellation | Ambient Sound | Noise Cancellation Off.
3. Download EDIFIER Connect App for more customizable control settings.

13 CHARGING

Connect the headphones to a power source via the USB-C cable for charging.

Note: 1. When the battery is critically low, the headphones will automatically shut down. Please charge the product to avoid service interruption and data loss. 2. Only use the USB-C cable provided with the product to avoid potential damage to the product. 3. Ensure the headphones and USB-C port are dry before charging to prevent corrosion and damage.

Input: 5V⎓1A
Charging time: 3.5h
Battery life: 60h

14 RESET

In ON state, press "+" and "−" buttons for 5s to finish reset, then headphones will automatically enter Bluetooth pairing mode if successful.

FCC statement
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
FCC ID: 2ND-EDF201
IC: 10280A-EDF201

FCC Regulatory Compliance
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Compliance
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

ISED Regulatory compliance
The device/antenna listed operates in accordance with Innovation, Science and Economic Development Canada's licence-exempt RSS(s) and meets the requirements of the Canada Radiocommunication Regulations.
Operation is subject to the following two conditions:
This device may not cause interference, including interference that may cause undesired operation of the device.
This device complies with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
L'appareil ne doit pas produire de brouillage
L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment.
Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé.
