- Do not plug in and out with wet hands;
- Power off and disconnect reminder;
- Keep a minimum of 0.39in clearance around the device and do not cover with items such as newspapers;
- No water droplets or splashes, and liquid-filled items such as vases are not allowed on the device;
- Keep the product away from dust, moisture, ravage, high temperature, etc., and away from magnetic objects;
- Do not scratch the housing and interface, and prevent product damage from heavy pressure, falling, throwing or strong impact;
- Use our exclusive power adapter to prevent damage to important parts on the motherboard due to overcurrent and other reasons;
- Do not try to disassemble the product by yourself. Maintenance shall be carried out only by our authorized staff.

**Troubleshooting**

**No display after power on?**

Confirm your device is connected to the TV well and set the correct HDMI Input from your TV configuration.

**TV has images but no sound?**

Make sure your TV is not in mute and low volume.

**Fail to connect to the network?**

Make sure the Ethernet cable is properly connected. Make sure Wi-Fi is functional and your box has a strong enough signal from your router.

**Remote control failure?**

Replace the battery of the remote control with a new one, and make sure it is placed in the correct polarity. Make sure the remote control is within the range of the TV box. Go to the Setting menu to unpair and re-pair the remote control.

**How to deal with the video lag?**

Try to switch to Hardware Decoding or System Decoding.

**FCC Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum 20cm distance between the radiator and your body: Use only the supplied antenna.
