

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of the EUT housing. The green printed circuit board (PCB) is visible, featuring a large black integrated circuit (IC) and various electronic components. The black plastic housing is also shown, with a circular opening. A black ruler with white markings is placed horizontally below the components for scale.
EUT Housing and Board View 2	 A photograph showing the internal components of the EUT housing from a different angle. The green PCB is visible, showing the battery and other components. The black plastic housing is also shown, with a circular opening. A black ruler with white markings is placed horizontally below the components for scale.

Solder Board-Component View 3	 A photograph showing a small, rectangular, silver-colored component, likely a battery, resting on a blue textured surface. The component has two thin wires (one red, one black) extending from one end. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The component's label includes the text: - BY 03450, 3.7V 110mAh, + 4.0L 10327.
Antenna View	 A photograph of a green printed circuit board (PCB) with various electronic components. A red rectangular box highlights a specific area on the board, labeled "BLE Antenna" with a red line pointing to it. The board is placed on a blue textured surface.
