

# ~Declaration of Conformity~

Since this module is not sold to general end users directly, there is no user manual of this product.

## The United States

FCC ID	Model No.	Antenna
<b>2A29TITSHRW110S2404</b>	ITS-HRW110	ITS-HAN10R
		ITS-HAN60S

## FCC NOTE

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) this device must accept any interference received, including interference that may cause undesired operation.

## FCC CAUTION

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

A dedicated antenna certified by the model designation is connected.

Do not remove the ferrite core (TKK type TFN-081610:ITS-HAN60S) installed on the cables to suppress RF interference.

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency(RF) Exposure Guidelines.

This equipment must be installed and operated keeping the radiator at least 20cm or more away from person's body.

Antenna must be connected by professional engineer.
