

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a wooden workbench holds a spectrum analyzer. A power supply unit sits on the floor between the workbench and another wooden table on the right. A blue and white probe is connected to the power supply. The background is a plain grey wall.
Radiation Emission Test Setup (Below 30MHz)	 A photograph of a radiation emission test setup in an anechoic chamber. A yellow test fixture is placed on a turntable in the center. A large metal frame stands in the foreground. The walls are covered with white and blue electromagnetic wave absorbers. The floor is dark and reflective.

**Radiation Emission Test
Setup (30MHz to 1GHz)**

**Radiation Emission Test
Setup (1GHz to 18GHz)**

**Radiation Emission Test
Setup (Above 18GHz)**
