## INSTRUCTIONS FOR USE

### Charging Instructions

- The Bluetooth Headphone comes with a built in rechargeable battery. Before using it for the first time we recommend you charge the battery fully. Only use the supplied USB Cord to charge the Bluetooth Headphone. Please charge for about 2-3 hours.
- Connect the USB charging cable to a computer USB port and the Micro USB plug to the charging port of the device. The Red LED light turns on while the device is charging. It takes 2-3 hours for the unit to fully charge. When the battery is fully charged, the red light will turn off.

### Turning on/off the device

- Press and the "II<" button for 2-5 seconds to turn ON or OFF the device with indication tone.

### Pairing the device with Bluetooth devices (phone or music device)

- Ensure the device is turned off, and then press and hold the MF button for 2-4 seconds to turn on with indication tone, and the LED flashes blue rapidly. Place the Bluetooth Headphone and Bluetooth device (phone or music device) so that they are no further than 3 feet apart;
- Activate the Bluetooth function on your Bluetooth device (phone or music device). Please refer to the manufacturer's instructions for instructions on enabling Bluetooth on your device.
- Once you have activated Bluetooth on your device, select the "2BOOM-HPBT290" from the list of available Bluetooth devices.
- If required, enter the password '0000' to confirm & finalize pairing.
- Once paired successful, beep sound will be heard and the LED flashes blue slowly.
- You can now start to use the device.
- Please note pairing mode on the device will last for around 10 minutes. If no devices are paired within around 10 minutes the device will power off automatically.
- If pairing is unsuccessful, turn off the device first and then re-pair following the above steps.
- Once you have paired the Bluetooth Headphone with a device, the Headphone will remember this device and will pair automatically when the device's Bluetooth is activated and in range. You do not need to re-pair any previously connected devices.
- The Bluetooth Headphone will attempt to automatically connect to the last device it was paired with when switched on. If you want to pair it with a new device, please follow the steps outlined above.
- Once the Bluetooth Headphone is paired with your device the music will transmit through the Bluetooth Headphone. Please refer to your device's user manual for further information.

### Function Summary

#### Listening to Music

- Once the Headphone is paired with your device you can stream music wirelessly through the Bluetooth Headphone. Should you encounter any problems while streaming please refer your device's user manual for further information.

### LED Indication

| LED indicator            | Status of the BT Headphone |
|--------------------------|----------------------------|
| LED flashes blue rapidly | Pairing mode               |

### Do's and Don'ts

Do not play music at excessive levels. Damage to hearing and/or equipment may result.

Do not use outdoors in wet or in damp surroundings.

### Care and Maintenance

Read the following recommendations before using the Bluetooth Headphone. Following these you will be able to enjoy the product for many years.

- Do not expose the Bluetooth Headphone to liquid, moisture or humidity to avoid the product's internal circuit being affected.
- Don't use abrasive cleaning solvents to clean the device.
- Do not expose the device to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't dispose of the device in a fire as it will result in an explosion.
- Don't expose the device to contact with sharp objects as this will cause scratches and damage.
- Don't let the device fall on the floor. The internal circuit might get damaged.
- Don't attempt to disassemble the device as it may get damaged if you are not professional.

In case the device doesn't function properly, send it to the store you bought it. The staff will help you to the problem.

## **FCC Statement**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### **RF Exposure Information**

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
