Low battery	Red light normally on
Switch off to charge	Green light flickering
Switch on to charge	Green light normally on
Runtime exception	Red light flickering

## FAQ

### 1. Wi-Fi connection failed

Connect the Wi-Fi signal starting with "Trisio\_\*\*\*\*\*" from the list and the password is 12345678 by default, then connect the App to the camera. If your Android phone receives a prompt like "Wi-Fi Networking Failed," please stay connected. Android phone troubleshooting: check whether "Location" is on, as it must be, and delete the camera Wi-Fi for reconnection. Stay connected if the prompt of "Wi-Fi Networking Failed" appears. If the camera is still

### 2. Why does the software flash back when it stitches pictures?

Please free up the memory space for at least 2GB, and then reinstall the App.

disconnected, enter the mobile "Settings" to find an option similar to "WLAN Assistant"/ "WLAN Support"/ "WLAN+", and turn off this function and data traffic (4G/5G), and then restart the App.

**iPhone troubleshooting:** try manual connection to Wi-Fi first. If it fails, enter the Settings - "Trisio360Camera" to check the permissions for local network access (iOS14 and above) and location, which are necessary for proper functioning of App. If it doesn't work, uninstall for reinstallation, and reboot the camera and mobile phone to check whether permissions are obtained. Both phone and camera should be rebooted in case of connection failure under permission support.

1. Check the stability of camera and tripod before shooting. Do not forcibly stop the camera from rotating, or damage will be caused.
2. A windless environment is preferred. In the presence of strong winds, beware of tripod falling and camera damage.

3. Please avoid outdoor use on rainy days and liquid splashing to prevent damage since the camera is not waterproof.
4. A lithium battery is built in, please keep the camera away from fire or extremely high temperature (long-time direct sunlight or a sealed car), or fire or explosion may occur.
5. Precision lens should be prevented from scratching when use and properly saved when idle. Do not position it face down, or scratches or damage may occur.
6. Do not disassemble the camera without permission, or damage may occur.
7. Do not use in an environment other than the specified operating temperature, or damage may occur.
8. After the product is repaired,

## Service Terms

This clause is only valid for Hong Kong, Macao, Taiwan and overseas areas of the People's Republic of China.

1. The user is entitled to a one-year warranty from the date of purchase with a warranty card and an official receipt with the correct product name.
2. This card only serves as the warranty certificate of HZNOVI Trisio items, and door-to-door service is not supported. The user has access to other legal rights in addition to those stipulated in the warranty card.
3. If the warranty card is lost, the user will not be able to get another one. Please keep it properly and present it when service is required.
4. For malfunctions not caused by poor quality, the owner shall bear the joint expenses incurred during repair, such as insurance premium, handling fee, and transportation fee. HZNOVI shall not be liable for the product damage or loss in transit.
5. All parts involved in replacement will be collected and disposed of by HZNOVI, rather than be returned to the owner.
6. After the product is repaired,

HZNOVI or the licensor will inform the owner and keep it for three months. HZNOVI shall assume no custody or joint responsibilities for overdue taking.

## Warranty Exclusions

1. Failing to present the valid receipt and the original warranty card at the same time.
2. Altering the warranty card or having inconsistent product information.
3. Damage caused by force majeures such as accidents, disasters, and wars.
4. Damage caused by water or sand entry, dampness, leakage, or external forces.
5. Damage caused by lightning strike or electrical system.
6. Modification and repair without permission by HZNOVI, or demolition, modification, and repair by an unauthorized third party.
7. Damage caused by pirated software or virus infection during operation.
8. Damage caused by improper use, maintenance, and storage.
9. The Company shall not be liable for any direct or indirect loss caused by malfunctions, deletion or alteration of image data during battery maintenance and replacement, as well as any claim not listed in the maintenance instructions.
10. Out of warranty.
11. Files, software or consumables (e.g. USB cable and lens cleaner) that are attached.
