Optionally, you may include a video to illustrate the problem you are having.</p></div> <div data-bbox="1399 1843 1566 1871"><p>CE    FC    RoHS</p></div>	<div data-bbox="1757 1313 2123 1412"><p><b>WAITIEE</b></p><p><b>3 IN 1 Fast Wireless Charger</b></p></div> <div data-bbox="1804 1449 2076 1721"></div> <div data-bbox="1679 1755 2206 1823"><p><b>Notice:</b> To ensure charging 3 devices safely and efficiently, you must use 9V/2A adapter and quick charge cable, if including 15W fast charging phones, you must use 9V/2.7A or 12V/2A adapter and quick charge cable (if not use the appropriate adapter and quick charge cable, the charger may not charge phone fast, or may not charge 3 devices simultaneously, or may even damage the charger)</p></div> <div data-bbox="1876 1841 2004 1868"><p>User manual</p></div>

**FCC Statement**

This device complies with part 15 FCC Rules. Operation is Subject To the following two conditions:

(1) This device may not cause harmful interference, and (2) this devicemust accept any interference received, including interference that may cause undesired operation.

Changes or modifications not explicitly approved by the partyresponsible for compliance could void the user’s authority tooperate this equipment.

Note: this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to providereasonable protection against harmful interference in a residential installation. This equipment generates, uses and canradiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference toradio or television reception, which can be determined by turning the equipment off and on, the user is encouraged totry to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**FCC radiation exposure**

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.
