Solder Board-Component View 2	 A photograph of a small, rectangular, yellowish PCB component. It has a white connector with multiple pins on one side and a small white label with red text. The label reads: "QC PASS 01", "CY006-C CEM-1", "E64353 132 94V0", "V11", "KY201203". There are two red "KB" markings on the board. The component is placed on a blue background next to a metal ruler for scale.
Solder Board-Component View 3	 A photograph of a larger, rectangular, white PCB component. It is populated with various electronic components, including integrated circuits, capacitors, and resistors. There are several connectors on the left side. The component is placed on a blue background next to a metal ruler for scale.

Solder Board-Component View 4	 A photograph of a small electronic component, likely a sensor or display module, mounted on a blue solder mask. The component features a black display area with white LED indicators and a white section with circular patterns. It is positioned next to a metal ruler for scale, showing dimensions in centimeters.
Solder Board-Component View 5	 A photograph of a small electronic component, likely a sensor or display module, mounted on a blue solder mask. The component features a black display area with white LED indicators and a white section with circular patterns. It is positioned next to a metal ruler for scale, showing dimensions in centimeters.
