Specification for earphone

Frequency response range	20HZ-20KHZ
Product impedance	16Ω ±15%
Sensitivity	96±3dB
Earphone Size	43.5x17.2x18.5(mm)
Bluetooth receiving distance	≤ 10 meters(standard environmet)
Bluetooth version	5.0
Transmission range	2402-2480MH
Supporting agreement	HSP/HFP/A2DP(SBC,ACC)/AVRCP
Transmission frequency	2.4Ghz band (2.4000-2.4835GHz)
Capacity	40mAh
Charging voltage/current	5V1A
Product working temperature	-10℃ —→ +45℃
Product storage temperature	-20℃ —→ +70℃

Packaging included

(1) Bluetooth Headset X 1PCS (2) Charger X1 PCS

(3) User Manual x 1PCS

Warm tips

Please read follow and keep these instructions

(1) Keep the device out of extreme heat and humid

(2) Power time may different depending on personal habits

(3) Heed all warnings on the product and in the operation instructions

(4) Do not listen at high volume level for long period to protect hearing

Federal Communications Commission (FCC) Statement. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received,

including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide Reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by **SHENZHEN HAOYISHI TECHNOLOGY CO., LIMITED** may void the FCC authorization to operate this device. Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

RF exposure statement:

The device complies with RF exposure requirements and can be installed and used without restriction.
