

**Label diagram**  
Amy PCA Switch

Label

This device complies with part 15 of the FCC Rules.  
Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) this device must accept any interference received,  
including interference that may cause undesired operation.

There is no place to paste labels into the module.  
So it is listed in the user manual.
