NOWATCH X

The world's first Awareable

Disclaimer

The contents of this user guide are for informational purposes only. The described product, firmware or software are subject to change without prior notice due to continuous product development.

Product and safety information

- For optimal performance do not operate the device below 0°C and above +45°C.
- Failure to comply with the instructions may cause damage to the device.
- Do not open, dismantle or modify the device.
- Do not drop, shock or impact your device.
- Do not eat or swallow the device.
- Do not wear the device when diving. Swimming with the device is allowed.
- Do not press the button under water.
- Do not charge the device while it is worn on the wrist or touching any part of a living thing.
- The battery inside the device is not replaceable by user. Any attempt to open the device will void the warranty.
- The device must be properly disposed of by recycling it as electronic waste. Disposing of the product, e.g., in a fire, hot oven or by mechanically crushing it, can result in explosion.
- Exposing the device to extremely high temperatures or low air pressure can cause explosion or leakage of flammable liquid gas.
- For charging the device, only use the NXC charging adapter included in the sales package.
- Power supply adapter must meet PS1 requirements.

NOWATCH X

The world's first Awareable

Welcome.

Thank you for choosing NOWATCH X.

Getting started

Scan this QR code to download the NOWATCH X app and follow the instructions to easily pair and set up your device.

(The QR code to access the app stores will be added later)

NOWATCH X

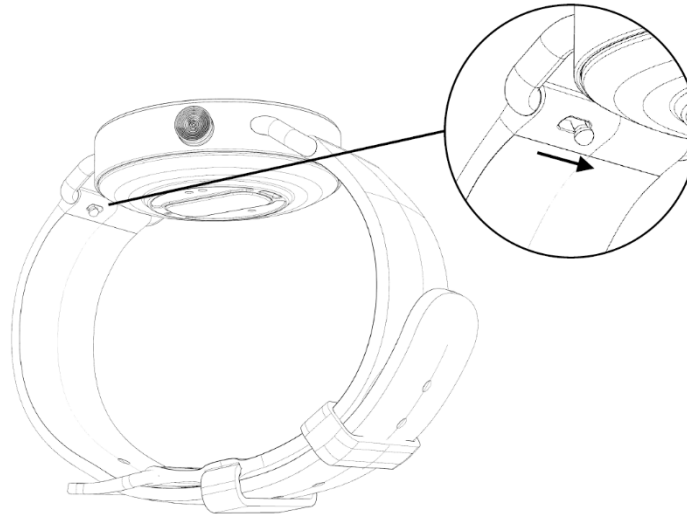

The world's first Awareable

Changing straps

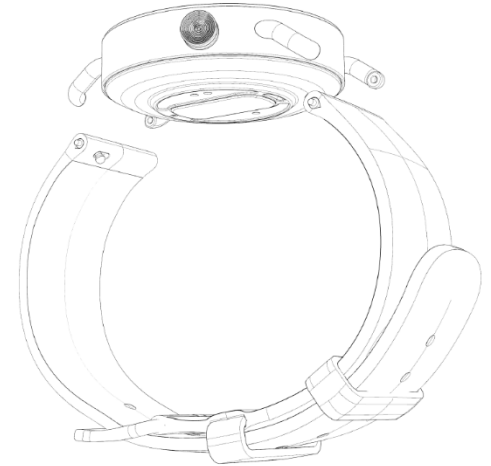

Press the pin inwards (A) on both straps until they are released from the lugs (B).

Attach new straps to the lugs.

For other manufacturers' strap requirements, see [Technical information](#).

A.

B.

NOWATCH X

The world's first Awareable

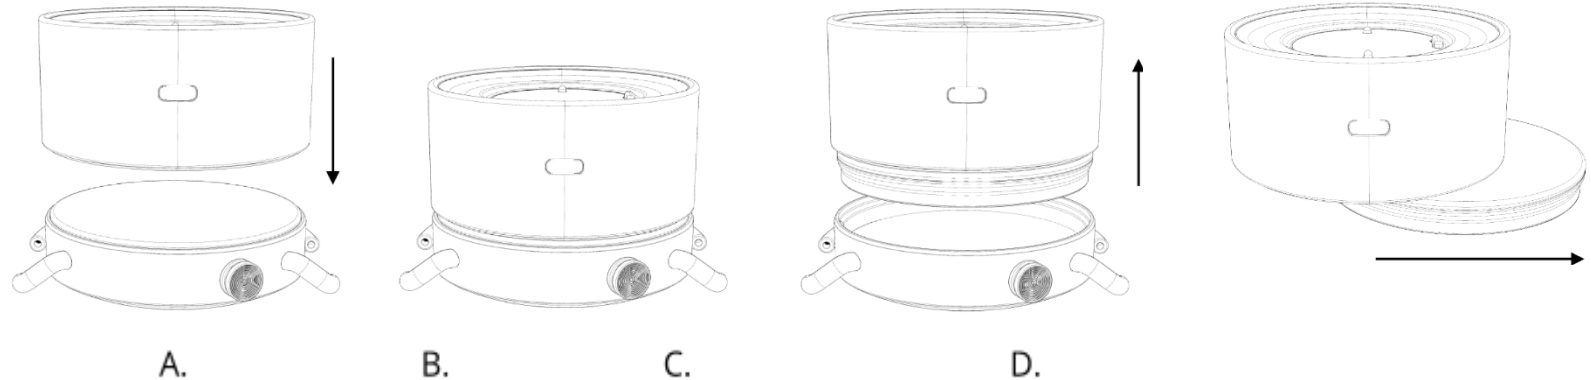

Changing discs

To change the NOWATCH X disc, use the disc changing tool on the bottom of the charging adapter. To remove the disc, place the tool over the disc (A and B) and lift the disc straight up out of the case (C). Remove the disc from the tool by pushing the disc sideways (D).

CAUTION

Strong magnetic force. Avoid pinching your skin when removing the disc.

Removing a full metal disc will require more force when compared to a stone disc.

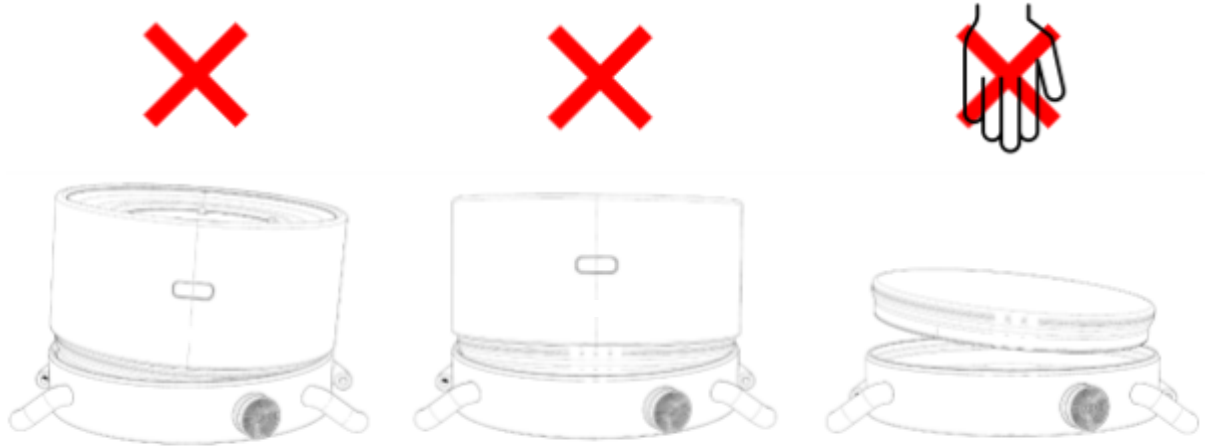

NOWATCH X

The world's first Awareable

CAUTION

Be careful to keep the disc changing tool vertical while changing the discs. Incorrect use may damage the disc.

Do not use your fingers to remove or install the discs.

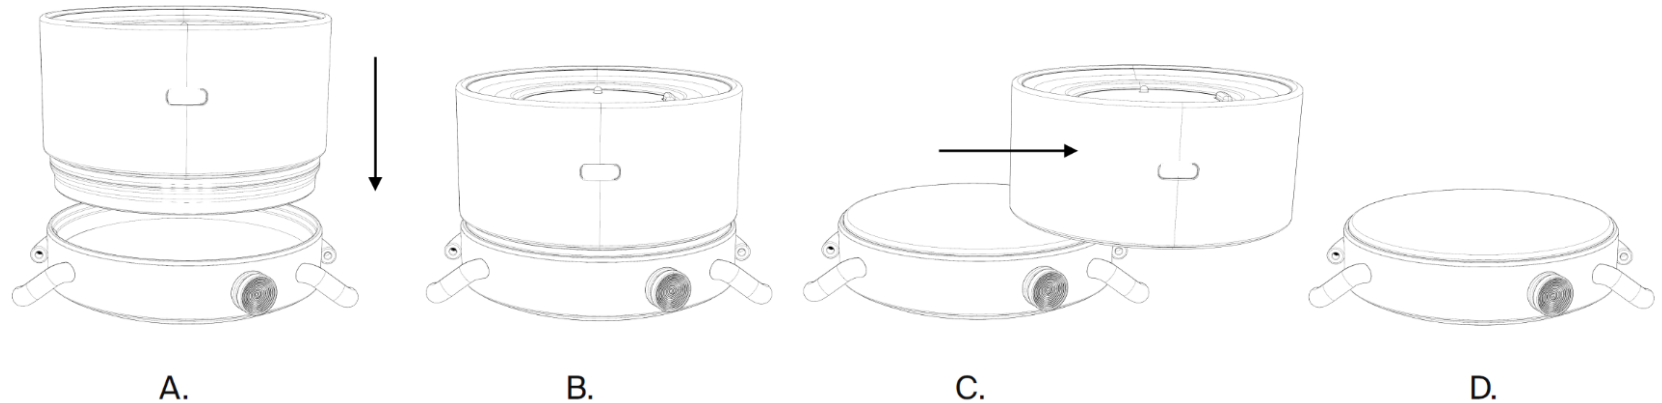

NOWATCH X

The world's first Awareable

To install a disc, place the disc changing tool over the top of the disc to engage the magnet. Place the disc into the case (A and B) and ensure that the walls of the disc and case are perfectly aligned. Disengage the magnet by sliding the tool to one side (C).

CAUTION

Do not force the disc into the cavity. This will damage both the NOWATCH X and the NOWATCH X disc.

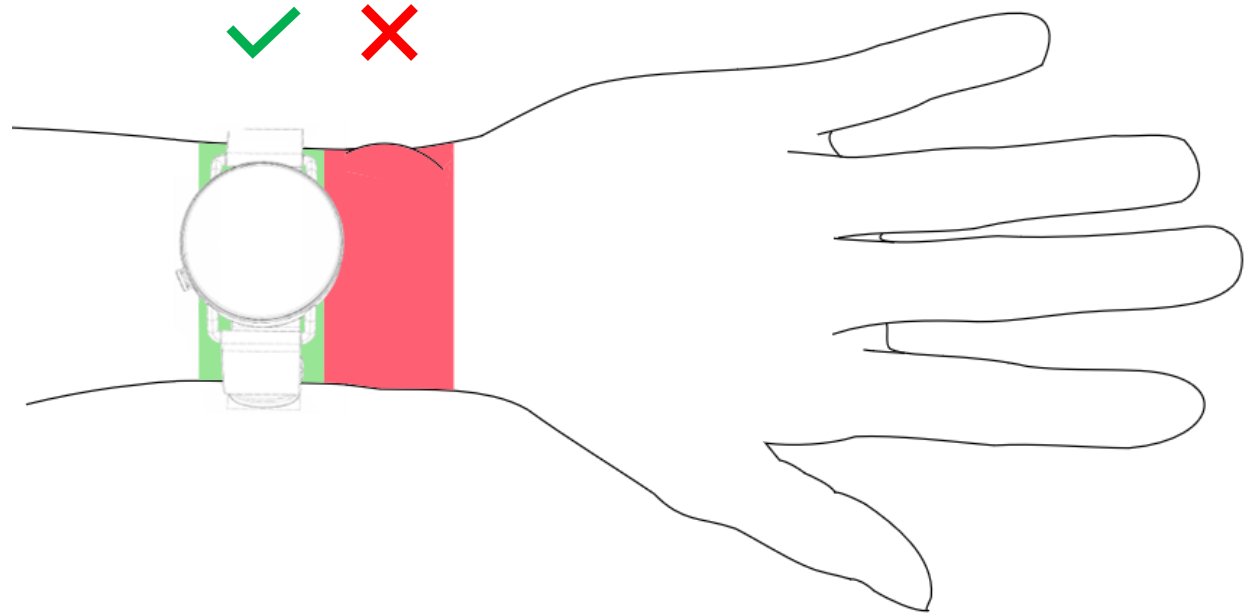

NOWATCH X

The world's first Awareable

Wearing your NOWATCH X

The wristband should feel tight but comfortable. The correct way to wear your NOWATCH X is about 1 cm above your wrist bone.

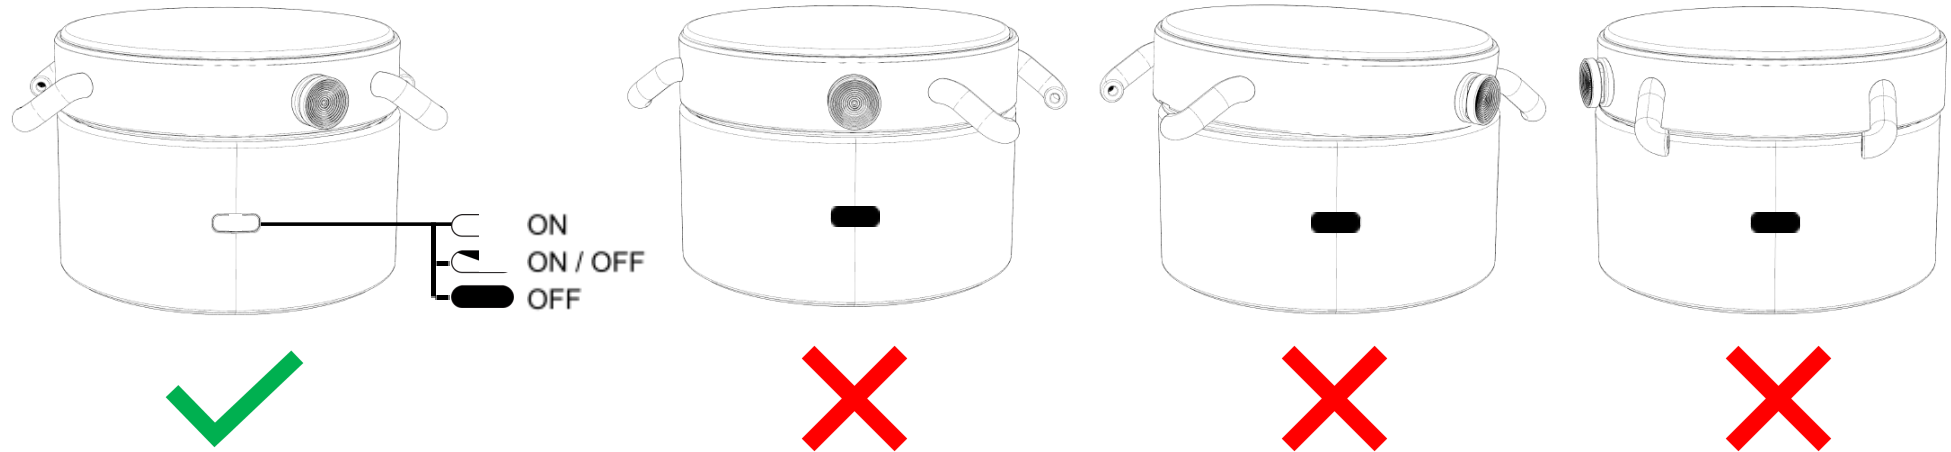

NOWATCH X

The world's first Awareable

Charging

Connect a USB-C charger to the NXC charging adapter (charger and cable are not included in the sales package). Place the device on the NXC charging adapter so that the lugs run perpendicular to the LED on the side. The device will vibrate, and the white LED turns ON. Once fully charged, the white LED blinks ON and OFF. If the watch is placed incorrectly, the LED remains OFF.

NOWATCH X

The world's first Awareable

Caring for your Device

After swimming, showering or bathing, make sure to wipe off any residual water between the case and the disc. See [Changing discs](#).

When necessary, clean your device with mild soap under tap water.

Technical information

Connectivity	Bluetooth Low-Energy Smart EMF-Safe, Airplane mode allowed
Dimensions	Diameter: 37 mm Thickness: 11.4 mm Lug/strap width: 18 mm
Weight	25 g (device, without straps and disc), 9–19 g (disc)
Power	Rechargeable battery, up to 14 days of operation (depending on use)

Charging	NXC charging adapter (USB-C) Charging time 2–3 h (from empty to full)
Water resistance	50 m (ISO 22810:2010) Swimming allowed, no diving; sauna not recommended
Materials	Stainless steel Leather Sapphire glass Recycled PET plastic Ceramic (in skin contact) PC/ABS plastic (charging adapter)
Storage requirements	-20°C...+45°C, do not store the device in wet or humid conditions

Getting help

Please go to nowatch.com to contact product support and maintenance. For more information, see [Checking the model number](#) and [Warranty](#).

NOWATCH X

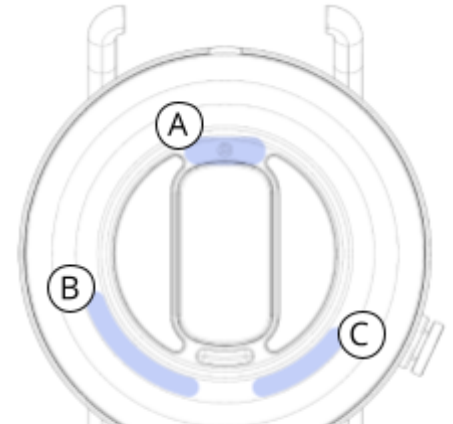

The world's first Awareable

Checking the model number

The model number NX and serial numbers (A) as well as FCC (B) and IC (C) codes can be found on the back of the device.

Warranty

NOWHERE B.V. guarantees this product for a period of one year from the date of purchase. The warranty only applies to defects attributable to the production process or materials used. The product covered by the warranty may be repaired or replaced after being assessed by the manufacturer. The service for products covered by the warranty can only be obtained by presenting a proof of purchase (valid receipt) and the original packaging.

NOWATCH X

The world's first Awareable

The warranty does not cover parts subject to normal wear and tear due to daily use of the product. The warranty does not cover accidental damage, misuse, negligence and is null and void if the product has been tampered with by unauthorized representatives.

For further information and a complete copy of the *Nowatch X Warranty Statement*, please get in touch with us at nowatch.com.

Recycling

The device must be properly disposed of by recycling it as electronic waste.

Do not attempt to burn or crush the device as it damages the battery and might result in an explosion.

Certification statements

FCC requirements for operation in the United States

FCC Information to User

This product does not contain any user serviceable components and is to be used with approved, internal antennas only. Any product changes or modifications will invalidate all applicable regulatory certifications and approvals.

FCC Guidelines for Human Exposure

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Federal Communications Commission Statement

This device complies with Part 15 Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received, including interference that may cause undesired operation.

FCC Radio Frequency Interference Warnings & Instructions

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will

NOWATCH X

The world's first Awareable

not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following methods:

- Increase the separation between the equipment and the receiver.
- Connect the equipment into an electrical outlet on a circuit different from that which the radio receiver is connected
- Consult the dealer or and experienced radio/TV technician for help

FCC Caution

- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
- This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Canadian Department of Communications Radio Interference Regulations

This Class [B] digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe [B] est conforme à la norme NMB-003 du Canada.

Innovation, Science and Economic Development Canada (ISED) regulatory information

This device complies with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOWATCH X

The world's first Awareable

Ce dispositif est conforme à la norme CNR 'Innovation, Sciences et Développement économique Canada applicable aux appareils radio exempts de licence. Son fonctionnement est sujet aux deux conditions suivantes: (1) le dispositif ne doit pas produire de brouillage préjudiciable, et (2) ce dispositif doit accepter tout brouillage reçu, y compris un brouillage susceptible de provoquer un fonctionnement indésirable.

Radiation exposure statement / Déclaration d'exposition aux radiations

This device complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 0 mm between the radiator and your body.

Cet appareil est conforme aux limites d'exposition aux rayonnements ISED définies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 0 mm entre le radiateur et votre corps.
