

But how is this possible? I mean, this was plastic waste!

Yes. But when it comes to the most common used materials we're collecting, for instance PET bottles, this waste already had food grade during its first lifecycle. After collecting it, our local teams are washing and sorting the plastic which is then shredded into flakes. After this step, the innovative technology we have developed with the Swiss University of Applied Sciences OST, takes over: We transform these flakes into pellets in a pure mechanical process, neither chemicals nor virgin plastics are being added. We use the latest technology and apply physical methods (vacuum, decompression, degassing, melting) to transform waste and extend the molecular chains of these wasted polymers. The result is a strong, clean and reliable material.

Switch ON: You will hear the voice prompt 'Hello/Pairing,' and the LED under the charge cover will flash blue. Choose 'BEACHBOOM35' from your device menu. Wait until you hear the voice prompt 'Connected.' You are now connected.

Product Name	BEACHBOOM12
Type	Waterproof Bluetooth speaker
Compatibility	Devices with Bluetooth 5 or lower
Warranty	12 months
IPX Rating	IPX 7
Features	Waterproof , Mic, Volume up, Volume down, SkipTracks, & Dual pairing,
Play Time	40H @ 50%
Cables	USB-C to USB-A
Battery	2600mah 3.7V
Chargetime	2.5h
frequency range	20-20Khz
Microphone Ty pe	EMC
Micfrequency response	20Hz-20Khz
Sensitivity	-42db +/- 3db
Working temperature	-20C – 60C
Speaker	2X 6W - 45mm + 2X Passive bass
Bluetooth	V5.3

FCC statment

FCC ID: 2A360-BEACHBOOM12

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radiofrequency energy and, if not installed and used in accordance with instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement, the device can be used in portable exposure condition without restriction.

The Declaration of Conformity can be found at:
<https://www.boompods.com/product/BEACHBOOM12> Hereby, Boompods declares that the radio equipment type [Speaker with Bluetooth] is in compliance with Directive 2014/53/EU.

FCC ID: 2A360-BEACHBOOM12

The recycled ocean plastic used to make this product may have traces of the wide mix of types of plastics collected, this can allow some minor black spots and imperfections to appear upon the surface. These are normal and do not affect the performance of the product. The material is unique in character and happy not to be in the Sea.
