

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the top view of the EUT housing and board. The housing is black and has two circular openings. The board is green and has various components, including a QR code and a label that reads "21/30". A ruler is placed next to the housing and board for scale.
EUT Housing and Board View 2	 A photograph showing the bottom view of the EUT housing and board. The housing is black and has two circular openings. The board is green and has various components, including a battery labeled "LP81122" and a label that reads "3.7V 50mAh". A ruler is placed next to the housing and board for scale.

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is irregularly shaped with several gold-plated pads and solder joints. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's width spanning approximately 20 mm. The component features various electronic components, including a small black chip and a gold-colored pad.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the underside of the component, revealing the solder joints and the components on the reverse side. The component is placed on the same blue textured surface next to the same black ruler. The ruler shows measurements in millimeters, with the component's width spanning approximately 20 mm. The component features various electronic components, including a small black chip and a gold-colored pad.

Solder Board-Component View 3	 A photograph showing a small, rectangular, gold-colored component (likely a battery) soldered onto a blue textured surface. The component is labeled "LiPo Battery LP311222 3.7V 60mAh". It is connected to two wires (red and black) that end in a white connector. A ruler is visible in the background, showing measurements in millimeters (mm) and centimeters (cm).
Antenna View	 A photograph showing a green printed circuit board (PCB) with various electronic components. A red box highlights a specific area on the PCB, labeled "BLE Antenna". The PCB is placed on a blue textured surface.
