

Date: February 16, 2022

Subject: Limited Modular Approval for FCC: 2A3CW001

To Whom It May Concern:

Gauthier Biomedical is seeking LMA approval on the ITQ Module. The module is approved ONLY for use by Gauthier Biomedical, inc. in our products, and the module is not intended for sale to the third parties.

The ITQ Module is controlled by proprietary firmware. The end product customer cannot adjust firmware to operate the device on any other regulatory frequency bands, modulation types, bandwidth, power, etc. outside of the FCC approved modes as granted.

Thank you,

By:

A handwritten signature in blue ink that appears to read "Paul Seifert".
