Ref: FCC Class II Permissive change for FCC ID: 2A3F5PQS-RD-11

Original Grant Date: 01/21/2022

Applicant: PQSense Technology Ltd.

Dear Examiner,

This is to request a Class II permissive change for FCC ID: 2A3F5PQS-RD-11
originally granted on 01/21/2022

Change reason:

RF module is replaced with 8 port RF module (model: PQS-RD-11/8), due to the different motherboard designs, it is necessary to conduct conduction and RSE low-frequency tests. The two models (PQS-RD-11/4 and PQS-RD-11/8) are electrically identical on EUT part and module part (no any RF related component has been changed) with minor layout changes.

Should you have any questions regarding this application, please feel free to contact the undersigned.

Your Sincerely,

CP. Chen 4/12/2022
