Tel: 886-2-82271348; FAX: 886-2-82271347

October 15, 2024

Subject: UNII 5.9 GHz Attestation per FCC KDB 291074 D02

To Whom It May Concern:

We, EmWicon Corporation, attest the followings for our device FCC ID: 2A3G3-WMU721X.

- 1) This device will not directly connect to another client device.
- 2) This device will only associate and connect with an indoor Access Point (AP) or indoor Subordinate.
- 3) This device will always be under the control of an indoor AP. However, there may exist situations where the client may transmit brief messages, prior to being under the control of an AP, to join an AP network. But these brief messages will only occur if the client has detected a signal confirming that an AP is operating on a particular channel. These brief messages will have a time-out mechanism if the client does not receive a response from an AP.
