Subject; **Modular Transmitter Application**

Company name: Zhongsan Shesheng Electronics Co., Ltd
FCC ID: 2A3GB-BLMV

Dear Sir/Madam,

This letter includes the FCC application requirements for Modular Transmitter Approval Request for;-

FCC KDB 996369 D01 'Module Certification Guide v02; and
FCC KDB 996369 D03 OEM Manual v01

In accordance with 47CFR 15.212 Modular Transmitters and KDB 996369 D01 'Module Equip Auth Guide v02'. FCC ID: **2A3GB-BLMV** has been examined against the following requirements.

Requirement per 15.212 and KDB 996369 D01	Explanation from Grantee (do not write yes/no, but explain why product complies/how it is achieved)
The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly.	Yes, It has a shield.
The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	Yes, this module meets the requirements of FCC part 15C(15.247).it specifically establish the 6dB Bandwidth, Peak Output Power, Radiated Spurious Emission, Power Spectral Density, Restricted Band of Operation and Band Edge (Out of Band Emissions)
The module must contain power supply regulation on the module.	Yes, the module has a power management system.
The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Yes, the module contains a permanently connected antenna and operates with a specific antenna.
The module must demonstrate compliance in a stand-alone configuration.	Yes, module can work independent.
The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748).	Yes, label will be printed on the Shielding cover.
The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.	Yes, The module with trace antenna designs, and This manual has been shown the layout of trace design, antenna, connectors, and isolation requirements.

Zhongshan Shesheng Electronics Co., Ltd

The module must comply with RF exposure requirements	Yes, the device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction. This module is designed to comply with the FCC statement, FCC ID: 2A3GB-BLMV.
--	--

Integration Instructions for host product manufacturers

The following items are submitted in support of application for Modular Transmitter FCC ID as noted above as required by the FCC KDB 996369 D03 OEM Manual v01.

These items are provided as integration instructions for host product manufacturers (e.g., OEM instruction manual) to use when integrating a module in a host product.

Any requirements that are not applicable to the Module are as indicated below.

Summary of requirements and Checklist. Refer to the KDB for description of the complete requirements;

KDB Ref Sect	Requirements of KDB 996369 D03	User Manual Page Number reference
2.2	List of applicable FCC rules	Page 3
2.3	Summarize the specific operational use conditions	Page 3
2.4	Limited module procedures	Page 3
2.5	Trace antenna designs	Page 4
2.6	RF exposure considerations	Page 4
2.7	Antennas	Page 4
2.8	Label and compliance information	Page 5
2.9	Information on test modes and additional testing requirements	Page 5
2.10	Additional testing, Part 15 Subpart B disclaimer	Page 5
