**FCC Information:** Device complies with Part 15 of the FCC Rules.  
Operation is subject to the following two conditions.

- This device may cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS OR CHANGE TO THIS EQUIPMENT. SUCH MODIFICATIONS OR CHANGE COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular

Modulation technique:	BR+EDR: GFSK, $\pi$ /4-DQPSK, 8DPSK LE:GFSK
Frequency Range:	2402MHz-2480MHz
Data Rate:	BR+EDR: 1Mbps/2Mbps/3Mbps LE: 1Mbps
Antenna Type:	PCB Antenna
Antenna Gain:	0dbi(PCB Antenna)

*cont. from above*

installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment should be installed and operated with a mininum distance of 20 cm between the radiator and your body.

**Warning:** maximum operating temperature is 104° F (40° C).
