Safety •

Instructions

- Keep the unit away from heat sources, direct sunlight, humidity, water and any other liquids.
- Do not operate the unit if it has been exposed to water, moisture or any other liquids to prevent against electric shock, explosion and/or injury to yourself and damage to the unit.
- Do not use the unit if it has been dropped or damaged in any way.
- Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs may place the user at serious risk.
- Do not use the unit with wet hands.
- Do not put objects into any of the openings.
- Keep the unit free from dust, lint etc.
- Do not use this unit for anything other than its intended use.
- Keep the unit out of reach of children.
- This product is not a toy.

Care & Maintenance •

Read the following recommendations before using the Bluetooth Speaker.

- Do not expose the Bluetooth Speaker to liquid, moisture or humidity to avoid the product's internal circuit being affected.
- Do not use abrasive cleaning solvents to clean the device.
- Do not expose the device to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Do not dispose of the device in a fire as it will result in an explosion.
- Do not expose the device to contact with sharp objects as this will cause scratches and damage.
- Do not let the device fall on the floor. The internal circuit might get damaged.
- Do not attempt to disassemble the device as it may get damaged if you are not professional.

FCC •

Instructions

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product

NOTE: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the product and receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Connect the DC 9V Power Adapter to the charging port of the speaker
The display will show charging. Once it is fully charged,
the battery symbol on the display is full.

ON / OFF Device

Press and Hold the Power Button for 3-5 seconds to turn on / off

Instruction For Use •

Pairing

After Turning On the Device
Wait for Flashing Light

Search **TROPHY**
in your Bluetooth Settings

Bluetooth Device
Connected

Note: The Bluetooth Speaker will attempt to automatically connect to the last device it was paired with when switched on. If you want to pair it with a new device, disconnect / forget from your current connected device and please follow the steps outlined above. Once the Bluetooth Speaker is paired with your device the music will transmit through the Bluetooth Speaker. Please refer to your device's user manual for further information.

Instruction For Use •

Control Functions

🔊 Increase Volume	Turn Volume Knob or long press the Next Track button to adjust the volume to your desired level
🔊 Decrease Volume	Turn Volume Knob or long press the Previous Track button to adjust the volume to your desired level
⏸ Pause	Short press Play / Pause button once to pause music
▶ Play	Short press Play / Pause button once to resume music
◀ Previous track	Short press the Previous Track / Station button to the previous track
▶ Next track	Short press the Next Track / Station button to the next track

Listening to Music using USB / Micro SD (TF) Card Slot

Insert USB flash drive into the USB slot or Micro SD (TF) card into the Micro SD (TF) card slot accordingly. An indication tone would be heard, and music would play automatically.

(Note: USB / Micro SD (TF) Card: Supports up to 16GB; Supports music file format: MP3, WAV, APE. USB Flash Drive or Micro SD (TF) Card not included.)

Listening to Music using AUX-In

Plug the 3.5 mm Aux-in cable (included) into the AUX-In port of the speaker, voice message "Auxiliary mode" would be heard, and LED display will show. Plug the other end of the cable to the audio device (such as computer / tablet / MP3 Player etc.).

(Note: While using AUX-In function, except volume function, all functions such as playing next/previous track can be controlled only through your source device).

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Instruction For Use •

TWS pairing use (if you own 2 Bluetooth Speakers)

- Make sure both speakers are "ON" and not paired with any Bluetooth device. An indication tone would be heard from each speaker.
- Long press the TWS button on both units.
- Both units will wirelessly connect with each other, and you would hear an indication tone after they pair together successfully. Display on one unit will show 'bLUE' without blinking, while the other will show 'bBLUE' with blinking.
- Activate the Bluetooth function on your source device (Mobile Phone, Tablet etc). Please refer to manufacturer's instructions for instructions on enabling Bluetooth on your device.
- Search for available Bluetooth devices and you would find "TROPHY" – Pair it with this device.
- You might be prompted with "Pair with TROPHY?" message on your source device, with "Cancel" and "OK" options. Please click "OK".
- If required, enter the password "0000" to pair with the device.
- Once paired successfully, another indication tone would be heard.
- You can now stream wireless music on your speaker through your source device.

Note: TWS stands for True Wireless. If you want to separate 2 speakers again for individual use, long press the TWS button on any one speaker.

Using the Wired Microphone

- Insert the plug of the Wired Microphones (not included) into the MIC PORT 1 or 2 of the speaker.
- Turn on the Microphone, and speak for megaphone operation or sing for Karaoke operation.

Using the Wireless Microphone

- Turn counter-clockwise the bottom part of the Wireless Microphone (included) to open the battery compartment, insert 2x1.5V AA batteries (not included) inside the battery compartment, as per the indicated polarity. Put back the bottom part and turn it clockwise to secure.
- Turn on the Wireless Microphone with green LED light, it will automatically connect with the speaker. You can speak for megaphone operation or sing for Karaoke operation.

Note: Rotate the Mic volume knob to adjust your favorite volume level, and adjust your desire echo effect with the Microphone echo knob.

Color changing light mode (LEDs are not replaceable)

Short press the LED light mode button each time to change 6 different color changing LED light patterns (including off light mode).

Troubleshooting

Symptom	Solution
Low sound level	- Adjust source volume. - Charge Battery.
No sound	- Turn the VOLUME knob to increase the volume. - Play the music in the connected device and make sure the volume level is in high level. - Press the MODE button to set the input source to the desired function.
Sound distortion	Turn the VOLUME knob to decrease the volume.

Product Specifications:

Bluetooth version: 5.0

Speaker output: 2 x 20W

Unit size (speaker only): 11" (L) x 11" (D) x 23.3" (H)

Unit weight (speaker only): ~14.7 lbs

Bluetooth range: 33 feet

Power input: DC 9V

Charging time: About 3-5 hours

Play time: Up to 3 hours (moderate volume)

Built-In Rechargeable Lithium Battery: 7.4V / 3600mAh

USB / Micro SD (TF) Card: Supports up to 16GB, supports music file format: MP3, WAV, APE.

(Note: Battery life & charging time may vary based on usage, types of devices connected & wireless distance.)

Warranty

WARRANTY COVERAGE: This product is warranted against defective materials or workmanship. This warranty is void if the product has been damaged by accident, in shipment, unreasonable use, misuse; neglect, improper service, commercial use, repairs by unauthorized personnel or other causes not arising out of defects in materials or workmanship. This warranty doesn't cover the following which may be supplied with this product, including but not limited to; LCD Screens, glass parts, lenses, bulbs etc. This warranty is effective only if the product is purchased and operated in USA and Canada, and does not extend to any units which have been used in violation of written instructions furnished by manufacturer or to units which have been altered or modified or, to damaged products or parts thereof which have had the serial number removed, altered, defaced or rendered illegible.

WARRANTY DISCLAIMERS: This warranty is in lieu of all warranties expressed or implied and no representative or person is authorized to assume for manufacturer any other liability in connection with the sale of our products. There shall be no claims for defects or failure under any theory of tort, contractor commercial law including but not limited to, negligence, gross negligence, strict liability, breach of warranty and breach of contract. Under no circumstances will Manufacturer's/ Distributor's maximum liability exceed the retail value of the product.

WARRANTY PERFORMANCE: During the above 90 day warranty period, a product with a defect will be either repaired or replaced with a reconditioned comparable model (at manufacturer's option). The repaired or replacement product will be in warranty for the balance of the 90 day warranty period and an additional one-month period. No charge will be applicable for such repair or replacement.

SERVICE AND REPAIR: If service is required for this product, you should first contact Midwest Trading Group Customer Service at info@mtradinggroup.com or by calling **1 (866) 815-4714**, Monday to Friday 10am to 6pm EST.

NOTE: Manufacturer cannot assume responsibility for loss or damage during incoming shipment. As a precautionary measure, carefully package the product for shipment, and insure it with the carrier. Be sure to enclose the following details with the product: your full name, return address and daytime phone number, a note describing the problem you experienced, a copy of your sales receipt or other proof of purchase to determine warranty status. C.O.D. shipments cannot be accepted.
