

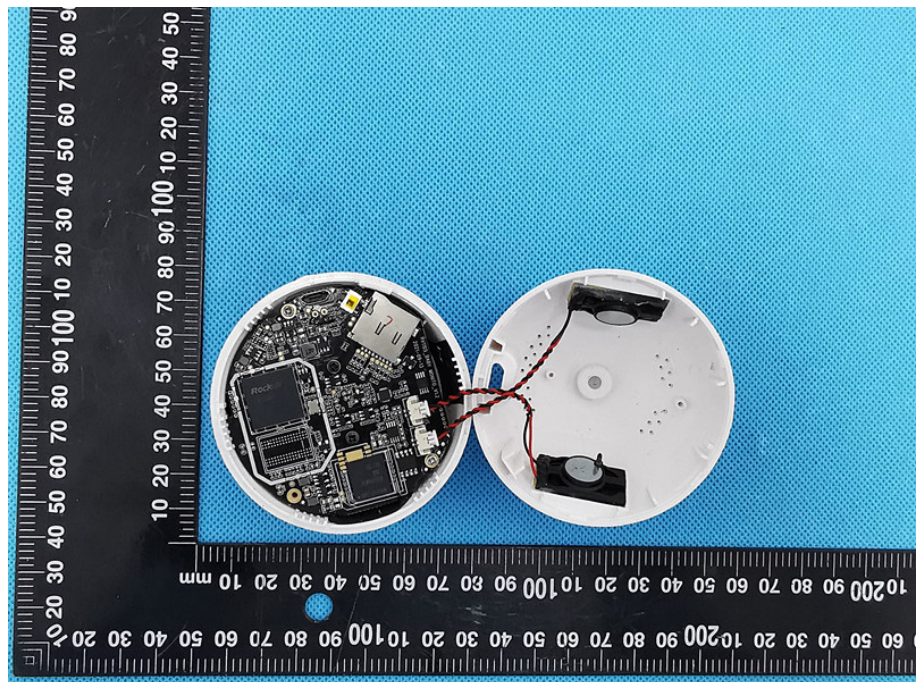

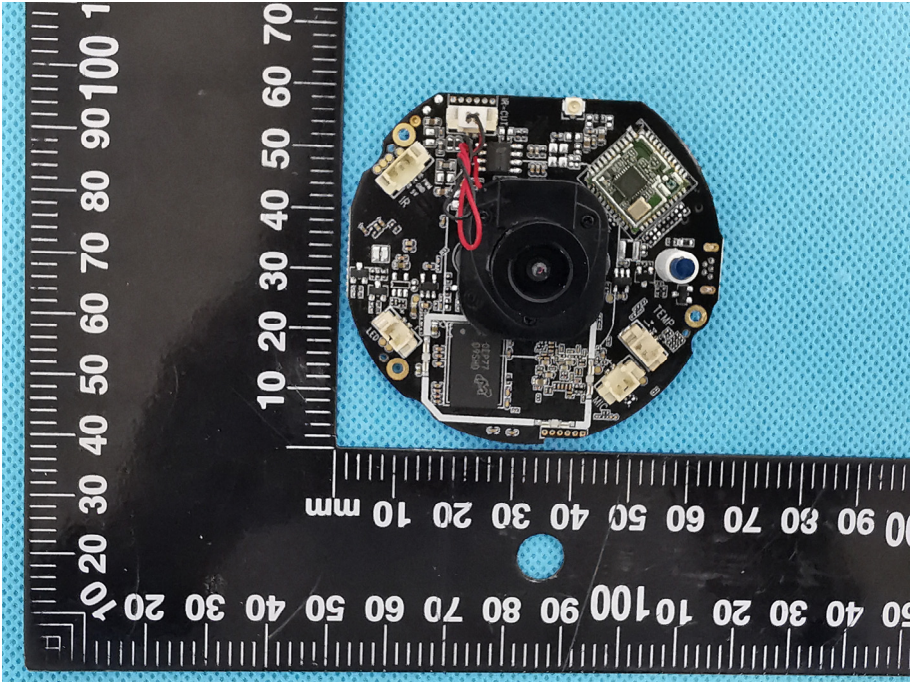

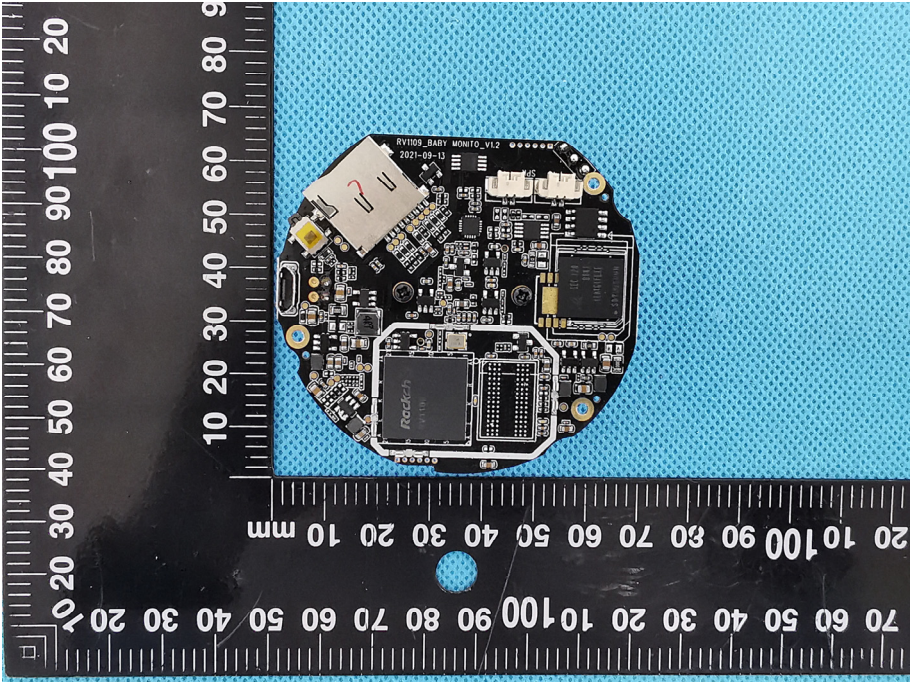

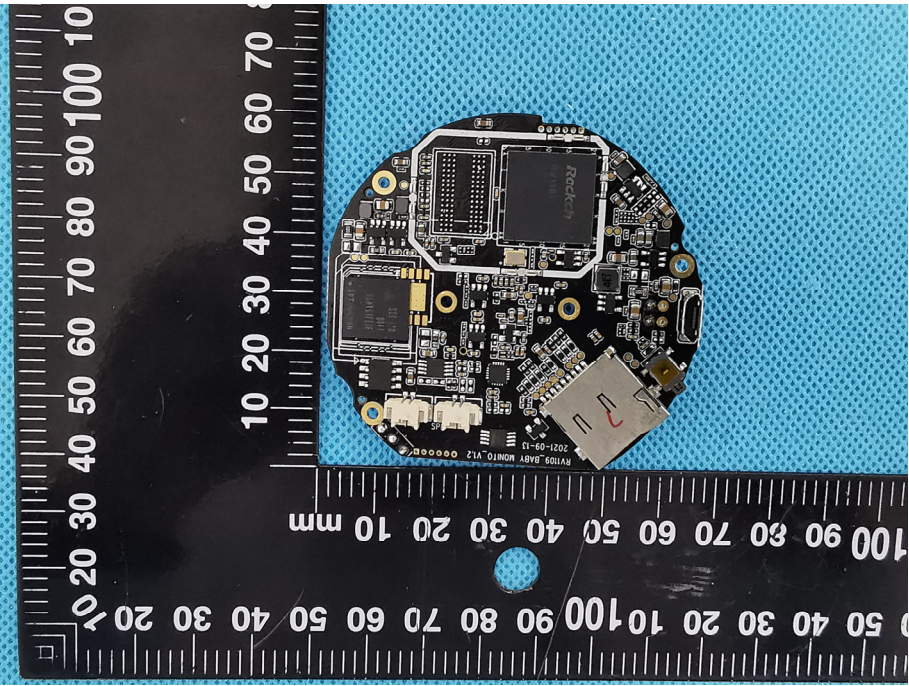

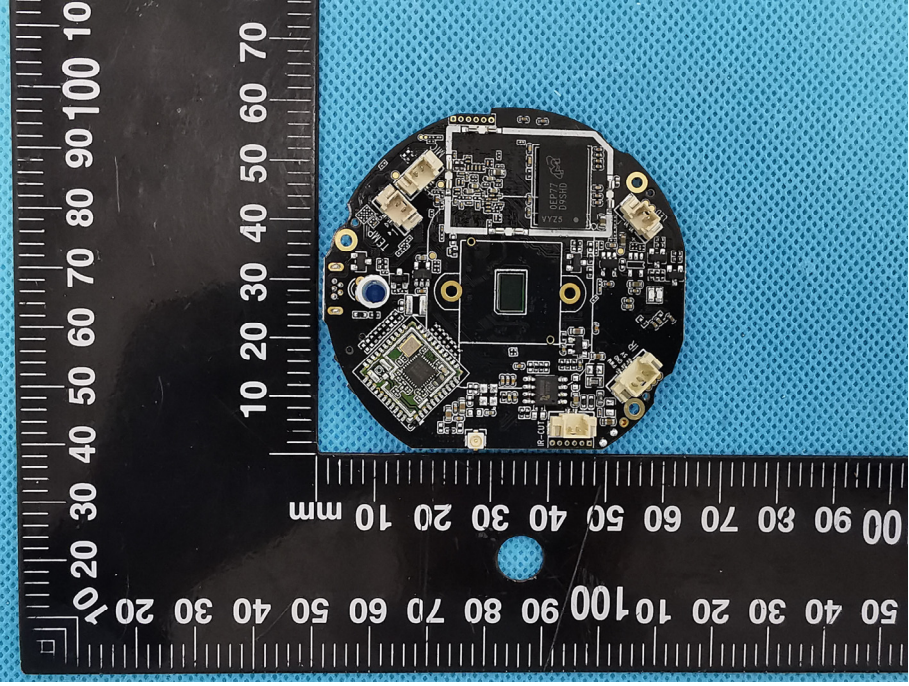

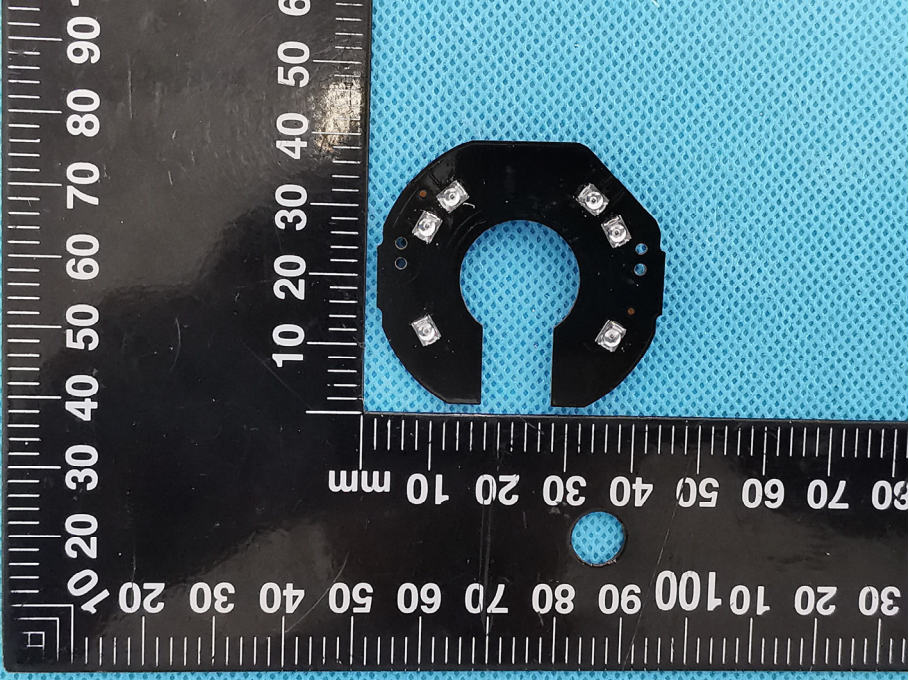

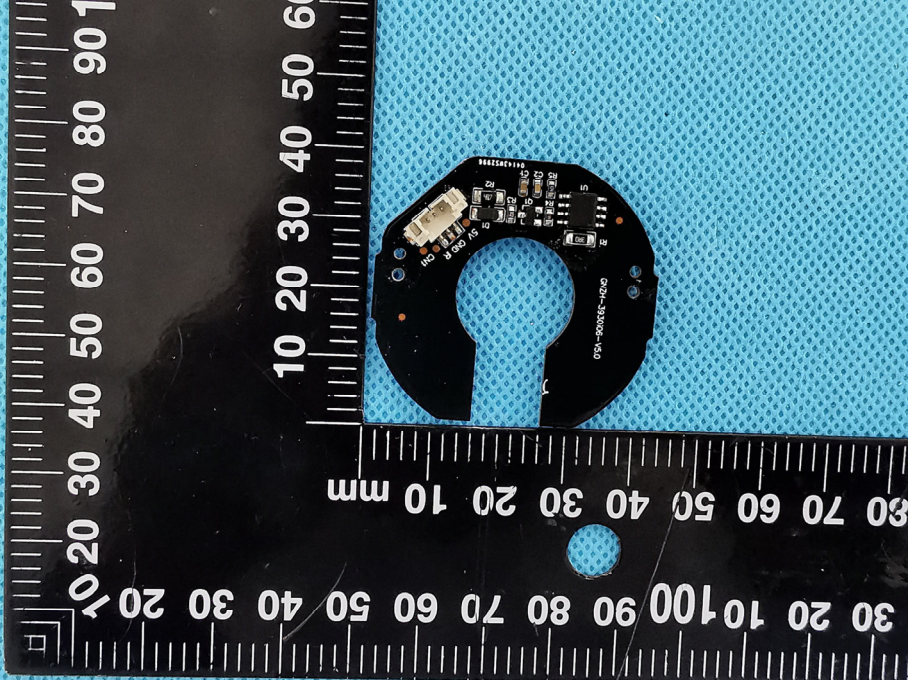

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph of a circular printed circuit board (PCB) assembly, labeled 'Solder Board-Component View 1'. The board is black and populated with various electronic components, including a central camera lens, several integrated circuits, and connectors. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
Solder Board-Component View 2	 A photograph of the same circular PCB assembly, labeled 'Solder Board-Component View 2', showing a different side or component. The board features a large silver component, possibly a battery or a large capacitor, and other electronic components. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.

Solder Board-Component View 3	 A photograph of a circular printed circuit board (PCB) assembly, labeled 'Solder Board-Component View 3'. The board is black with various electronic components, including a large square chip in the center, several smaller chips, and a USB connector on the right side. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 4	 A photograph of a circular printed circuit board (PCB) assembly, labeled 'Solder Board-Component View 4'. The board is black with various electronic components, including a large square chip in the center, several smaller chips, and a USB connector on the right side. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

Solder Board-Component View 5	 A photograph of a black, semi-circular printed circuit board (PCB) component. The component has a central circular cutout and four silver-colored solder joints or components along its outer edge. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 6	 A photograph of the same black, semi-circular PCB component from a different angle. This view shows the underside of the component, revealing various electronic components, including a small integrated circuit (IC) and several resistors. The component is placed on the same blue textured surface next to the same black ruler with white markings.
