Subject 1: Pure dark

Subject 2: Night dark

Subject 3: Cosy light

Subject 4: Boundless light

Pure dark

Night dark

Cosy light

Boundless light

2 Agenda display and reminders

Biufame Pro Version photo frame, the default page is displayed in a calendar, mainly includes four parts: calendar, schedule, time (dial), weather.

Tips: The calendar section supports clicking to switch between Day View and Monthly View.

1. Daily view mode.

Under the Daily view, it is displayed mainly in the calendar of the day, including Year, Month, Date and Week for the day.

Daily view, support you to click on the "date" number in the middle, switch to "monthly view" mode, to view the month calendar.

2. Monthly View Mode.

Under the monthly view, it is displayed mainly in the calendar of the month, including the Year, Month and the display of all dates.

Support you to click any Date and switch to Daily View mode to view the day calendar.

Support you to slide sideways or click the button to switch before and after the other months.

3 Schedule Display Mode

Biuframe Pro version supports the host account to synchronize the schedule on the phone to the photo frame via a mobile app (Biuframe APP).

The synchronized schedule appears in the photo frame in two ways:

Method 1: If a schedule exists on the day, it will appear as a list below the Daily View.

To view more, manually slide up to view all schedules.

Method 2: In the Monthly View, it will be displayed as a racing light below, all into the reminder time schedule.

Display mode 1: Daily view

Display mode 2: Monthly view

Tips: When the schedule reaches the reminder moment, the photo frame reminds the schedule by a popup.

4 Schedule Reminder

Tips: The top-right corner of the calendar shows the current time for you. Click on this area to support cyclic switching between Digital Time, Simple dial and Classic Pointer dials.

5 Display mode

Digital Time supports automatic switching of display in 12 hours and 24 hours by system settings.

6 Weather

Weather area to provide you with weather conditions on the day in your area.

Click on this area to support seeing more weather information, or switch to other areas.

7 Alarm

Biuframe Pro version support to display the alarm set by the owner user in the mobile application (Biuframe APP), as well as the alarm set by you on the photo frame.

Tips: When the schedule reaches the reminder moment, the photo frame reminds the schedule by a popup.

1.Alarm clock added

A: Add it via a mobile application (Biuframe APP).

B: Add it directly on the photo frame.

2.Alarm Delete

A: Remove by mobile app (Biuframe APP), only the alarm clock created on the phone.

B: You can delete all alarm clocks by deleting them on the photo frame.

3.Alarm Off

B: Turn off all alarms by closing them on the photo frame.

Please do not hesitate to contact us with

support.us@imagch.com

if you have any problems, we will reply to you within 24 hours.

IC statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The term "IC: " before the certification/registration number only signifies that the Industry Canada technical specifications were met.

This product meets the applicable Industry Canada technical specifications.

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes :

- 1) L'appareil ne doit pas produire de brouillage;
- 2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body.

Cet émetteur ne doit pas être Co-placé ou ne fonctionnant en même temps qu'aucune autre antenne ou émetteur. Cet équipement devrait être installé et actionné avec une distance minimum de 20 centimètres entre le radiateur et votre corps.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
