Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, likely a solder mask or a small board, placed on a blue textured surface. The component is oriented vertically and features several gold-colored solder pads and a circular component at the bottom. A black ruler with white markings is positioned horizontally above the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Antenna View	 A photograph of the same green PCB component, oriented vertically, showing the antenna area. A red rectangular box highlights a specific area on the board. A red line extends from this box to a label below the image. The label is a white rectangle with a red border containing the text "433.92MHz Ant.". A black ruler with white markings is positioned horizontally above the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). 433.92MHz Ant.
