

English

Thank you for purchasing high-performance DAC E70 VELVET. Please read the following instructions carefully before making any connections or using this product. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

Contents list

E70 VELVET x 1

Remote control x 1

AC cable x 1

Bluetooth antenna x 1

Warranty card x 1

Please read the user manual and user manual on the following website.

Attribute	
Model	2018-04-04 (Ver. 1.0.0) - 1.0.0 (Ver. 1.0.0)
Power supply	5VDC (5VDC/5VDC)
Power input	AC/DC (AC/DC)
Line out	100-240V (100-240V)
Other features	100-240V (100-240V)
Dimensions	100-240V (100-240V)
Weight	100-240V (100-240V)
Power consumption	100-240V (100-240V)

日本語

ご購入いただきありがとうございます。E70 VELVETを使用する前に、必ずこの取扱説明書をお読みください。E70 VELVETは高性能DACです。パワーアンプではありません。必ずこの取扱説明書をお読みください。E70 VELVETのすべての機能について正しく理解し、最高のリスニング体験を得てください。

同梱物

E70 VELVET x 1

リモートコントロール x 1

ACケーブル x 1

Bluetoothアンテナ x 1

保証カード x 1

必ずユーザーマニュアルとユーザーマニュアルを以下のウェブサイトからダウンロードしてください。

Note

1. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

2. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

3. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

4. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

5. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

6. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

7. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

8. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

9. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

10. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

11. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

12. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

13. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

14. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

15. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

16. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

17. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

18. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

19. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

20. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

21. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

22. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

23. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

24. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

25. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

26. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

27. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

28. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

29. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

30. E70 VELVET is a high-performance DAC. It is not a power amplifier. Please refer to the user manual for all the features of E70 VELVET correctly and get the most listening pleasure.

FCC Warning Statement: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement

The antennas used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co - located for operating in conjunction with any other antenna or transmitter.
