

Folded Size: 3.2" (w) x 5" (h)

MAGNETIC PORTABLE CHARGER

Model: S-26115R

USER MANUAL

INTRODUCTION

SPECIFICATION

Battery Capacity: 10000mAh

Type-C Input: 5V=3A, 9V=2A, 12V=1.5A

Type-C Output: 5V=3A, 9V=2.22A, 12V=1.67A

Type-C Cable 1 Output: 5V=2A

Type-C Cable 2 Output: 5V=3A, 9V=2A, 12V=1.5A

Wireless Transmission: 5W/7.5W/10W/15W

FCC ID: 2A3ZO-S-26115R

USING THE Power bank

1. Use the included USB-C to USB-C cable and wall adapter (not included) to power the device.
 2. Press the power on button, and place your phone to the magnetic charging stand. It will indicate when charging begins.
 3. Charge your device with the built-in Type-C cable.
- Note: Make sure your phone is compatible with wireless charging.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The device can be used in portable exposure condition without restriction.
