

1. Photographs of EUT test position

Photo 1: Front of face side 25 mm	Photo 2: body-worn side 0mm
	

2. EUT Constructional Details

Photo 3: Photo View  A black and yellow handheld device, possibly a walkie-talkie, is shown lying flat on a blue textured surface. A wooden ruler is placed vertically to the left of the device for scale.	Photo 4: Photo View  A black and yellow handheld device, similar to the one in Photo 3, is shown from a slightly different angle, still lying flat on a blue textured surface with a wooden ruler for scale.
Photo 5: Photo View  A rectangular silver battery is shown lying flat on a blue textured surface. It has a yellow label with the text: - 803040 3.7V, + 1000mAh 3.7Wh. Red and black wires are attached to the left side of the battery.
