Golf in-car entertainment system

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

WARNINGS

1. Do not use this product while driving.
2. Do not install or use this product with wet hands.
3. Avoid installing this product in areas with high temperatures, humidity, or where flammable or explosive gases or liquids are present.
4. Do not install this product in a location that obstructs the driver's view or compromises driving safety.
5. Do not install this product on the airbag cover or within the airbag's deployment area.
6. Avoid leaving this product in a closed vehicle exposed to high temperatures for long periods.
7. Operate this product only at the specified voltage.
8. Use only original cables and accessories.
9. Do not use sharp objects like awls or scissors on this product or its accessories.
10. Do not disassemble, repair, or modify this product or its accessories yourself.
11. Keep this product out of the reach of children under 16 years old.
