The way to download local music

1.Download local music on Android phone：

(1)Android phone use music players to download songs or copy songs from computers to mobile phones.
(2)Restart "duoCo StripX" APP. Switch to "music" interface,and you can see the newly imported music files.

2.Download local music on iphone：

(1)Install "iTunes" software on your computer;
(2)Log in iTunes with the same Apple ID account on the iphone;
(3)Use iTunes to import downloaded music files on your computer;
(4)The imported music files will be synchronized to the iphone in real time
(5)Restart "duoCo StripX" APP. Switch to "music" interface,and you can see the newly imported music files.

Attentions

1.Only one mobile phone can be connected to the light strip at a time.If you want to switch to another phone, make sure that the previous Bluetooth connection is disconnected.

2.Please use the product in a dry environment.

3.Please make sure that the voltage is 5V,, otherwise the lamp beads will be burnt out.
