RE: Request for Change in ID

<Mockins> Original FCC ID: <2A493-WS858>  
Original Grant Date: <03/10/2022>  
<Nevlers> New FCC ID: <2A495-WS858>

To Whom It May Concern:

<Nevlers> verifies the equipment bearing the modified identification does not differ from the original equipment, there are no differences in terms of both hardware and software. The only difference is branding: the original equipment carries <Mockins> brand, the equipment bearing the changed identification carries <Nevlers> brand.

The original test results continue to be representative of and applicable to the equipment bearing the changed identification.

If you required any additional information, please contact us.

Regards,

---
