Important Safety Information

1

Warning and Caution

Warning

1.This product is only designed for training. Punishment or cruelty is prohibited.
2.Do not use it on aggressive dogs because they may have overreaction to punishment to their owners or others. If you are unsure whether you can train your dog with our product, please consult professional veterinarian or certified trainer.
3.It is not a toy. Keep the product out of reach of children. Only responsible family members can use it.

Caution

1.Please use the product when your pet is under control in a safe area.
2.Use the product only on healthy dogs.
3.Don't use it on dogs less than 6 months old.
4.Please wear the collar on your dog properly. Wearing too loose may cause bad contact while too tight may cause injury to the dog's neck skin.
5.Don't wear the collar more than 10 hours a day for your dogs.
6.If it is to be worn for a long time, please adjust the position or take the collar off every 2 hours.
7.Please check the neck skin condition every day to avoid rash/sore in the neck. If you see any skin rash or any other abnormal condition on the dog's neck, please stop using it and consult the veterinarian if needed.
8.Please do not tie another dog leash to the receiver collar.
9.When the collar is on, do not directly touch the contact probes with your body.
10.If you don't use the product is not used for a long time, please charge it every 90 days.
11.Plese charge in time when it is in low power to avoid irreparable damage caused by over-discharge of the battery.
