What's in the Box

Wireless charging stand 2m 3A charging cable

Features

Compatible with all Qi enabled devices

①Aluminum stand ②Silicone ③Verity phone charging stand
④Silicon pad ⑤Aluminum base ⑥Non-slip silicon pad
⑦Barbed/Phone clamping pad ⑧Watch charging stand

Dimension

Specification

Model	WP14
Input	12V/3A
Output:Stand	9V/1.66A(15W)
Output:Pad	9V/1.66A-5V/1A(15-5W)
Output:Watch	5V/0.5A(2.5W)
Dimension	Base 110mm*10mm Stand 130mm*65mm
Weight	244g

LED indicator
(charging status only for pad)

Solid red	Standby
Flashing red	Charging
Solid blue	Fully charged
Flashing red&blue	FOD

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable

protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Instructions
