WPTAC-11KW-S24-TD :	Power 11kW	Cable Length 24ft

They have the same wireless module, only the charging output power and line length are different.

The circuits and circuit components of the above models of equipment are the same.

The mainboard used in different models are the same, but the difference is that the specifications of incoming and outgoing cables are different.

If you have any questions regarding this, Please don't hesitate to contact us.

Sincerely,

By:
