

FCC ID: 2A4HCQXD-SY52

A black, rectangular, waterproof electronic component, likely a sensor or data logger, is shown next to a ruler for scale. The component has a flat, rectangular body with a slightly raised edge on one side. A cable connector, featuring a black plastic housing with a threaded section and a multi-pin connector, is attached to one end. The ruler indicates the component is approximately 1.5 inches long.
