A close-up photograph of a green printed circuit board (PCB) assembly. The board is populated with several integrated circuits (ICs) and passive components. A large, black, square IC with the label 'VINKA W3C238 C301AA0600' is prominent in the upper right. Below it, another black IC is labeled 'AT6558 R-5N32-E1 BK36E1J'. The board is also covered with numerous small, rectangular surface-mount components, including capacitors (labeled C46, C47, C48, C49, C50, C51, C52, C53, C54, C55, C56, C57, C58, C59, C60, C61, C62, C63, C64, C65, C66, C67, C68, C69, C70, C71, C72, C73, C74, C75, C76, C77, C78, C79, C80, C81, C82, C83, C84, C85, C86, C87, C88, C89, C90, C91, C92, C93, C94, C95, C96, C97, C98, C99, C100) and resistors (labeled R1, R2, R3, R4, R5, R6, R7, R8, R9, R10, R11, R12, R13, R14, R15, R16, R17, R18, R19, R20, R21, R22, R23, R24, R25, R26, R27, R28, R29, R30, R31, R32, R33, R34, R35, R36, R37, R38, R39, R40, R41, R42, R43, R44, R45, R46, R47, R48, R49, R50, R51, R52, R53, R54, R55, R56, R57, R58, R59, R60, R61, R62, R63, R64, R65, R66, R67, R68, R69, R70, R71, R72, R73, R74, R75, R76, R77, R78, R79, R80, R81, R82, R83, R84, R85, R86, R87, R88, R89, R90, R91, R92, R93, R94, R95, R96, R97, R98, R99, R100). A red, multi-pin connector is visible on the left side, with a black cable attached to it. The PCB is mounted on a blue, textured surface.
