Waste electrical appliances should not be treated the same as household garbage. Please recycle them in places with facilities for disposal. Please refer to the recycling advice of your local authority or retailer and pay attention to the environmental factors of battery handling.

规格

- 蓝牙版本:5.1+EDR
- 频率:2402GHz- 2.480GHz
- 范围:≤10米(视设备而定)
- 传声器的传输距离:≤1米
- 锂离子电池:3.7伏/1200毫安
- 播放时间:≤□H (视输出而定)
- 待机时间:≤□H
- 充电电压:5伏
- 充电时间:≤3/小时
- 蓝牙名称: Kuqibao K10

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
