 <p>BLAVOR USER MANUAL</p> <p>PN-W12S 20000mAh Solar Power Bank</p>	<p>Thank you for choosing BLAVOR. To assist you in understanding the product, we have provided a comprehensive manual that includes an introduction to the product, user guide, and other relevant information. When using the PN-W12S SOLAR POWER BANK, please make sure to carefully review the manual to ensure proper usage.</p> <p>Product Details</p>  <p>Product Parameters 20000mAh Solar Power Bank</p> <table border="1"><tr><td>Lightning Input</td><td>DC5V/2A 9V/2A 12V/1.5A</td></tr><tr><td>USB-C1 Input</td><td>DC5V/3A 9V/2A 12V/1.5A</td></tr><tr><td>USB-C1 Output</td><td>DC5V/3A 9V/2.22A 12V/1.67A</td></tr><tr><td>USB Output1</td><td>DC5V/3A 9V/2A 12V/1.5A</td></tr><tr><td>USB Output2</td><td>DC5V/3A 9V/2A 12V/1.5A</td></tr><tr><td>Solar Charging Input</td><td>DC 5V/0.3A (LightIntensity>25000lux)</td></tr><tr><td>Lightning Output Cable</td><td>DC5V/2.4A</td></tr><tr><td>USB-C2 Output Cable</td><td>DC5V/3A</td></tr><tr><td>USB-C3 Output Cable</td><td>DC5V/3A 9V/2A 12V/1.5A <small>Applicable for iPhone 14/14 Pro/14 Pro Max</small></td></tr><tr><td>USB-A Input Cable</td><td>DC5V/2A 9V/2A 12V/1.5A</td></tr><tr><td>Battery Capacity</td><td>20000mAh</td></tr><tr><td>Wireless output</td><td>5W/0.5A</td></tr><tr><td>Power of LED Light</td><td>1W</td></tr></table> <p>Package Include</p> <table border="1"><tr><td>1*BLAVOR solar power bank</td><td>1*USB Cable</td><td>1*Carabiner</td></tr><tr><td>1*Instruction</td><td></td><td></td></tr></table>	Lightning Input	DC5V/2A 9V/2A 12V/1.5A	USB-C1 Input	DC5V/3A 9V/2A 12V/1.5A	USB-C1 Output	DC5V/3A 9V/2.22A 12V/1.67A	USB Output1	DC5V/3A 9V/2A 12V/1.5A	USB Output2	DC5V/3A 9V/2A 12V/1.5A	Solar Charging Input	DC 5V/0.3A (LightIntensity>25000lux)	Lightning Output Cable	DC5V/2.4A	USB-C2 Output Cable	DC5V/3A	USB-C3 Output Cable	DC5V/3A 9V/2A 12V/1.5A <small>Applicable for iPhone 14/14 Pro/14 Pro Max</small>	USB-A Input Cable	DC5V/2A 9V/2A 12V/1.5A	Battery Capacity	20000mAh	Wireless output	5W/0.5A	Power of LED Light	1W	1*BLAVOR solar power bank	1*USB Cable	1*Carabiner	1*Instruction			<p>Product Features</p> <ul style="list-style-type: none">Exclusive appearance design, fashionable and beautiful.Safe and stable original A-grade polymer batteries.Wireless charging, compatible with all Apple Watch series.Large-capacity portable power bank supports simultaneous output from multiple USB ports.Use large solar panel charging input for anytime, anywhere charging.Equipped with LED light for convenient outdoor use.Wireless output3 types of output cables and 1 input cable, for convenient and hassle-free charging. <p>Instructions</p> <ol style="list-style-type: none">Turn on/Turn off Press the power switch lightly to turn on the machine. The display will show the current battery level. If no charging device is connected, the machine will automatically shut down after 30 seconds.How to charge the power bank<ul style="list-style-type: none">Solar charging Turn the power bank upside facing upwards towards direct sunlight, as this will enable the conversion of sunlight into electricity to charge the power bank. The solar charging performance is more effective under strong light conditions. Due to the nature of solar energy, it is recommended to park on concrete floors, cars, or any other areas where heat accumulates. If the temperature of the power bank exceeds 50 degrees Celsius, please refrain from using solar energy to charge it.Power charging Plug one end of the cable into the USB-C or Lightning port on the top of the machine, and the other end into the charger's USB port. The LED power indicator light flashes when fully charged, and the power indicator light turns on when fully charged.Wireless charging After lightly pressing the power switch to turn on the machine, the LED power indicator lights up. Plug one end of the cable into the top USB port and the other end into the power port of the product that needs to be charged.Charging with built-in cable Press the power switch lightly to turn on the machine, and the LED power indicator light will light up. Take out the cable that comes with the machine from the storage position and insert it into the corresponding mobile phone interface to charge the mobile phone.Other Important Notes<ol style="list-style-type: none">All input ports of this power bank support PD fast charging. It is recommended to use a fast charging adapter to bring you a better experience.Please do not disassemble or modify this product.Please pay attention to fire protection and moisture protection to prevent malfunctions.Please do not use this product in high temperature environment (>113°F/45°C).Please connect devices that comply with the output specifications of this product.If the battery swells, leaks or emits a peculiar smell, please stop using it immediately.	<p>Product Maintenance</p> <p>To ensure the maximum efficiency of this product, please pay attention to the following matters</p> <ol style="list-style-type: none">Keep away from moisture and corrosive substances.Do not use chemicals to clean the product.When the product is not used for a long time, please charge it once every six months. <p>Troubleshooting</p> <ol style="list-style-type: none">Press the power switch, only the blue LED power indicator flashes Battery power is about to run out, please charge this product immediately.Unable to charge the unit Replace the charger adapter and charging cable and try to charge the product again.Cannot charge the phone or other devices Please plug and unplug the charging cable again to connect the cellphone and the power bank.The power bank cannot be fully charged even being charged for a long time. Please use the cable equipped and the charger adapter that supports 5V/1A or above output.When the power bank is left unattended for a long time, it is recommended to charge the power bank through Micro USB or USB-C input.	<p>Other common processing methods</p> <ul style="list-style-type: none">Check if the button is flexibleCheck if the charging indicator is well when chargingCheck whether the USB input cable is good and whether there is any abnormality after connecting to the power bankCheck if the USB output cable is good and if there is any abnormality when connecting to the device that needs to be chargedCheck if there is any abnormal noise or odor in the productPlease do not disassemble the power bank, the warranty does not cover human-made damageIf the problems cannot be solved after the above methods, please contact our after-sales service for help. <p>Quality Warranty</p> <p>All products sold by BLAVOR enjoy a 3 years warranty. The warranty period begins from the date of purchase. During the warranty period, if there are problems caused by manufacturer defect (as verified by our engineering team), BLAVOR will be responsible for it and our team will be with you until you are satisfied.</p>

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
