Product Feature

- 1. Electro Magnetic Induction Design**
Automatic opening and clamping design which can be operated with one hand and make everything easier and safer. Just place your phone inside the holder, the clamps will close and provide a strong stable hold. A gentle touch on any sides of the quick release buttons, the arms would automatically open.
- 2. Wireless Charger & Phone Holder 2 in 1**
Combine the two conveniences of Qi Wireless Charging and a car phone holder. Save you from messing with cables and cases while driving.
- 3. Faster Wireless Charging**
Fast Charging System delivers optimum charging power for your iPhone 11pro/11/11 pro max/Xs/ Xs Max/ XR/ X/ 8/ 8 Plus (MAX 7.5W FAST CHARGER) or Samsung Glazxy Note 10/10+/S10/ S10+/S9/S9+/S8/max and More (Up to 10W FAST CHARGER) and consistently outperforms all competition. Qi Standard Approved.
- 4. Adjustable Viewing**
Multiple Installation of the wireless car charger holder, it can be installed on the windshield, dashboard, table etc. The full 360-degree rotation allows for optimum viewing and easier use of functions, which is the safest way to access your phones systems such as your GPS and phone calls.

Product Feature

- 5. Type-C Connection**
No matter the positive side or negative side can both connect with the wireless car charger, convenient and practical.
- 6. LED Indicator Light**
Led Indicator Light design, when it is in the charging mode, the blue indicator light up.
- 7. Universal Compatibility**
Compatible with any Qi-Enabled cellphones . All the arms automatically clamp mobile phone from 4.0"to 6.5"

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

◀ 04 ▶

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help. FCC RF exposure statement: The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.
