<p>AI Voice Recorder App Download</p> <p>Please search "Ai DVRLink" in the corresponding mobile phone system app store</p>  <p>Ai DVRLink</p> 	<p>After downloading and installing, please register an account</p> 	<p>Complete registration and log in to the App</p> 	<p>How to bind</p> <p>1.Turn on the device and click the App link icon to search for the device model and Bluetooth name.</p>  <p>2.Click the App connection icon to search</p> <p>3.For example, device model L816</p> <p>4.Link Success</p>	<p>How to Sync Files</p> <p>1.After the connection, if there is an audio file on the device, it will automatically be displayed on the app interface</p>  <p>2.Synchronization completed. Click the play button to play the current file.</p> <p>3.Click Generate and select the required language and summary template</p>	<p>How to transcribe</p>  <p>1.Click Generate and select the required language and summary template</p>	<p>How to start recordings</p>  <p>1.Click the recording icon to enter recording mode</p> <p>2.Click the button to start recording. Click once during recording to pause, click again to resume recording</p>																														
<p>How to delete recording files</p>  <p>1.Select the file you want to delete. Long press and slide to the left</p> <p>2.Press the file and slide it to the left to edit the file name</p>	<p>How to recover deleted files</p>  <p>1.Click File and click the upper right menu button</p> <p>2.Click on Recycle Bin</p> <p>3.Enter the Recycle Bin list,select the file you want to restore, slide left and click Restore</p> <p>4.Clear all recorded files Select OK The recorded files cannot be restored</p>	<p>How to transcribe</p> <p>1.Summary document sharing</p>  <p>2.Select the type you want to export</p> <p>3.File transfer via Bluetooth Social software Email Share files</p>	<p>How to rewrite</p> <p>1.Please re-transcribe if you want to change to another language</p>  <p>2.Click to enter the re-transcription interface</p> <p>3.Click to confirm the transcription Select the desired language Summary</p>	<p>How to unbind a device</p>  <p>1.On the main interface, click the connection icon to enter the recording settings.</p> <p>Please unbind the device before connecting it to other apps</p>	<p>Increase duration</p> <p>1.Disconnect: Bluetooth between the device and the app is disconnected</p> <p>2.Unbind: Unbind the device from the app</p> 	<p>1.Activate the recording settings to get an additional 30 hours of transcription time. If you have used up the time, you can click on the remaining time to enter the member center to purchase the time you need.</p> 																														
<p>FCC WARNING</p> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment</p>	<p>generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -- Reorient or relocate the receiving antenna. -- Increase the separation between the equipment and receiver. -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -- Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction</p>
