Solder Board-Component View 6	

Solder Board-Component View 7	 A photograph of a small green printed circuit board (PCB) component, labeled 'DM095-KEY', placed on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm). The component is oriented vertically, with its longer side parallel to the ruler's edge. The ruler markings are visible on both the left and right sides of the component.
Solder Board-Component View 8	 A photograph of a small green printed circuit board (PCB) component, labeled 'CON7', placed on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm). The component is oriented vertically, with its longer side parallel to the ruler's edge. The ruler markings are visible on both the left and right sides of the component.
