FCC Caution

§ 15.9 Labeling requirements.

This device complies with all § 15 of the FCC Rules. Operation is subject to the following conditions: (1) This device may not cause harmful interference, (2) this device must accept any interference that it may cause under real-world conditions.

§ 15.21 Information to user.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

§ 15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates noise and can radiate radio frequency energy which, if not shielded and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, you can try to eliminate the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Plug the equipment into a different wall outlet than the one to which the receiver is connected.

Contact the dealer or an authorized service company for help.

R/W warning for Portable device

The device has been evaluated to meet general R/W equipment requirement. The device also meets the specific R/W equipment certification criteria.

成品尺寸：105*148.5mm

材质：100g书写纸，彩色印刷，骑马钉

Product Features
