

## Automotive LED Atmosphere Light

## Product Description

## Technical Parameters

Product Name	Bluetooth controller
Support System	Android 4.4 and above/iOS 10.0 and above
Signal Mode	Bluetooth 4.0
Input Voltage	5V-24V

## Download App Software

Please search LED LAMP in major Appcenters, or scan below QR code.

1. Download the "LED LAMP" APP with your mobile phones by scanning the QR code on user manual or search the "LED LAMP" APP in iPhone APP store or Google play store.
2. After the APP are downloaded successfully, you need to turn on Bluetooth function on your phone firstly, then plug in the strip light, then open the APP, your APP will pair with the strip light automatically and you can control it.

☆ Android phones need to open the location function and allow permission

### Unable to Connect Troubleshooting

- (1) Check if the power supply of the light strip is normal.
- (2) Check if the Bluetooth is turn on.
- (3) Check if there are other mobile phone are connected, Bluetooth 4.0 only support connections one to many, dose not support many to many.
- (4) Check APP Bluetooth setting if the phone is connected to the device, if connect, exit the APP and reopen, the APP will go to connect automatically.
- (5) Normal operations and can not connect, please exit the APP and reopen.
- (6) Exit APP, restart mobile phone, power on the strip light, reopen the APP, then them will connect automatically.

## Instructions

Open the app, click LED BLE to enter the Bluetooth control interface.

tutorial

1. **Color interface:** The color interface has two parts: color ring, monochrome. You can adjust the color, brightness, and custom color by the color ring. Monochrome interface: brightness can be adjusted through the ring.

2. **Mode:** You can choose the mode you want, speed adjustment, and brightness adjustment.

3. **Custom:** You can add the colors you want to and choose a mode.

5. **Settings:** You can set modes like rhythm, RGB sort, code, timing, shake, change skin. In rhythm mode you can design color, rhythm pattern, and sensitivity.

4. **The music interface** has two parts music and microphone: where the music needs the phone to play the song to adjust; and the microphone is adjusted by the external sound size.

6. **Timer:** In timer mode, you can set the desired time period to open/close the desired mode.

The timer can be set to turn on automatically, and the mode includes static, jump, gradient, cold and warm four modes.

FCC warning:

1. This device should be installed and operated with minimum distance 20cm between the radiator&your body.
2. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
  - (1) This device may not cause harmful interference, and
  - (2) This device must accept any interference received, including interference that may cause undesired operation.
3. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
4. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
  - Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.
