Columbia, MD 21046

Dear Sir/Madam,

We, Aitek Inc, hereby authorize China Certification ICT Co., Ltd (Dongguan) to act as a laboratory for testing and test report generation for the following project(s):

(Product description: Aitek Miner Plus, Model: AMP-500-01, FCC ID: 2A5L2-AMP500)

It is based on the certified device, model: AMP-500-01, FCC ID: 2A5L2AMP500

The differences between FCC ID: 2A5L2-AMP500 and FCC ID: 2A5L2AMP500 are as follows:

Increased the Lora-DTS power and reduced the Lora-DTS frequency range to 923.3–927.5MHz and updated the software version from V1.0.0 to V1.0.1

The changes between the previous and the current do not affect the test results of RF conducted data and radiated spurious emission above 1GHz for Wi-Fi/BT/BLE, Lora-FHSS, so their data refer to the report of model number: AMP-500-01 (FCC ID: 2A5L2AMP500, report number: CR22020030-00B, CR22020030-00C, CR22020030-00D)

Please contact me should there be need for any additional clarification or information.

Sincerely,

Signature: 

Weilin Ding

CEO
