

Difference Declaration

Original Model No. : Dion TWS

Adding Model No. : Dion TWS 3, Dion TWS 5, Dion TWS 3 Pro, Dion TWS 5 Pro, Dion TWS X

To whom it may concern,

We, Shenzhen Eartech Company Ltd. would like to declare those models Dion TWS 3, Dion TWS 5, Dion TWS 3 Pro, Dion TWS 5 Pro, Dion TWS, Dion TWS X are identical in electrical circuit design and PCB layout and the PCB layout and schematic diagram of left & right earbuds are identical. The only difference are model number and audio output

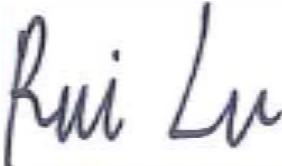

Model No.	Dion TWS 3	Dion TWS 5	Dion TWS 3 Pro	Dion TWS 5 Pro	Dion TWS	Dion TWS X					
Power supply	Built-in rechargeable lithium battery										
Chipset	QCC5121										
OSPL90 (dB) Maximum saturated sound pressure level	≤120±3	≤128±3	≤120±3	≤128±3	≤120±3	≤128±3					
OSPL90 (dB) High frequency mean	118±4	128±4	118±4	128±4	118±4	128±4					
Full range sound gain (mean at high frequency)(dB)	52±5	57±5	52±5	57±5	52±5	57±5					
Equivalent input noise (dB)	≤32±3										
THD (total harmonic distortion)	500Hz	≤4±3									
	800Hz	≤4±3									
	1600Hz	≤4±3									
Frequency Response (Hz)	200~6200										
Rated current consumption (mA)	≤14										
Test voltage (V)	d.c. 3.7										

Sincerely yours,

Applicant : **Shenzhen Eartech Company Ltd.**

Address : 4-516, Tusincere Science Park, Qingchun Road, Longcheng Street, Longgang, Shenzhen, Guangdong, 518000, P.R.China
