

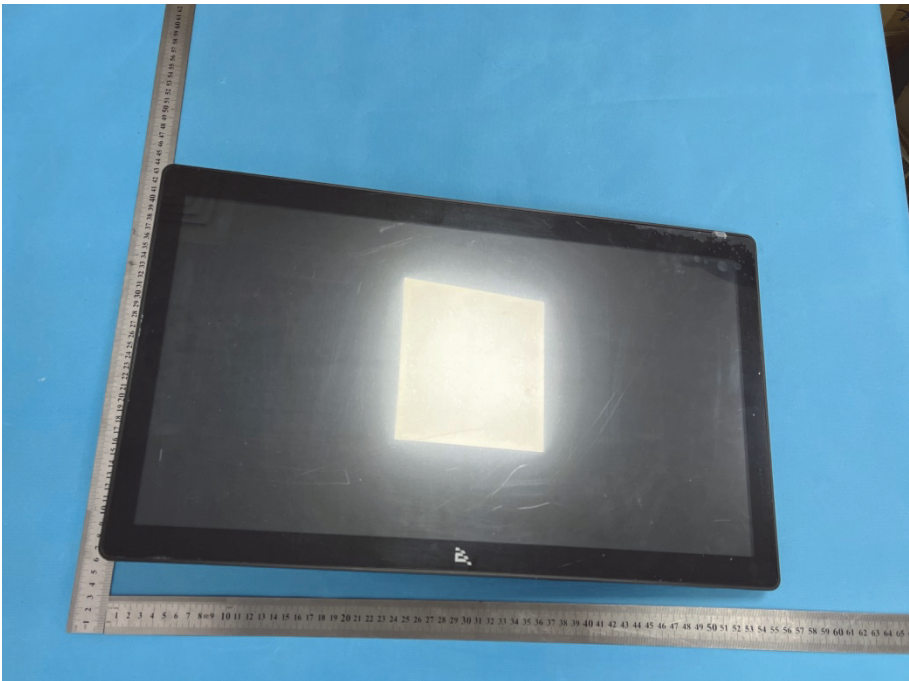

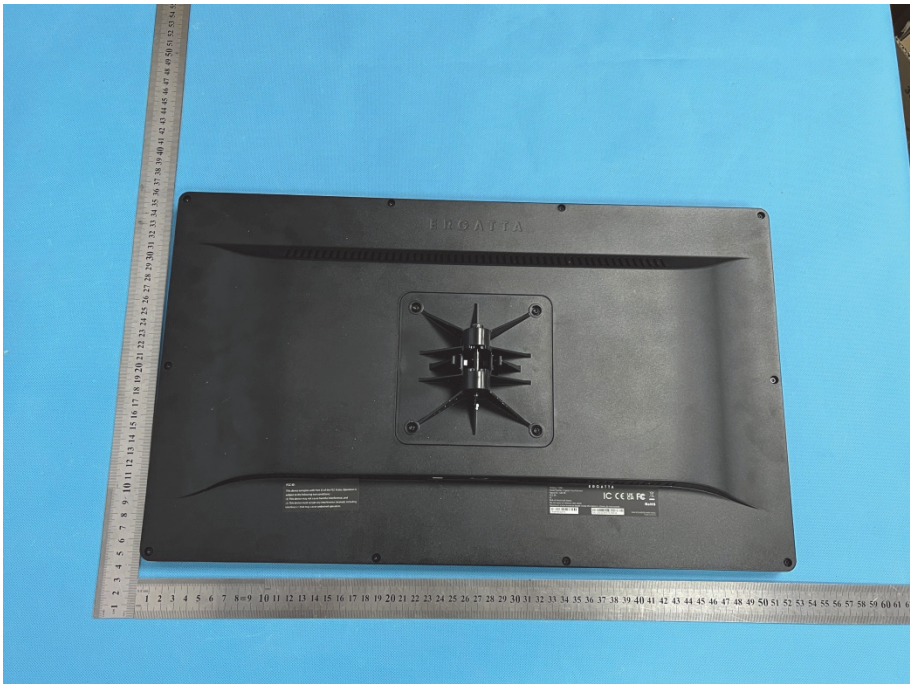

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing a black electronic device (EUT) with a screen, a power adapter, and a cable, placed on a blue surface next to a ruler. The device is a small, rectangular unit with a screen in the center. The power adapter is a black, rectangular unit with a cable attached. The cable is black and has a connector at the end. The ruler is a metal ruler with markings in centimeters and inches. The device is positioned horizontally, and the ruler is placed vertically to its left.
EUT View 2	 A photograph showing the same black electronic device (EUT) from a different angle, showing the screen and the power adapter, placed on a blue surface next to a ruler. The device is a small, rectangular unit with a screen in the center. The power adapter is a black, rectangular unit with a cable attached. The cable is black and has a connector at the end. The ruler is a metal ruler with markings in centimeters and inches. The device is positioned horizontally, and the ruler is placed vertically to its left.
